Skaarup, 2000-10-24 The purpose of this handbook is to provide aviation enthusiasts with a handbook on where to find the surviving retired military aircraft preserved in Canada The majority of the Canadian Warbird and War Prize Survivors are on display within a significant number of aviation museums Many others are displayed as gate guards on or near a number of Canadian and Allied Armed Forces Bases and installations There are also a few in the hands of private owners and collectors that have been restored to flying status These include a number of foreign warbird survivors that were brought back to Canada as War Prizes The museum staffs and volunteer organizations such as the Canadian Aviation Preservation Association CAPA have done tremendous work in preserving military and civilian aircraft

that have been a major part of Canada's aviation heritage. A few of these aircraft are illustrated in this book along with a short description of the aircraft flown by Canadian servicemen and women. The aircraft are listed alphabetically along with a city or museum location, the manufacturer, aircraft serial number, and call sign where known. Canadian Warbird and War Prize Survivors is part of a series on aircraft used by the Canadian Forces throughout its history. Wings Across Canada Peter Pigott, 2002-10-01. From the eccentric Fairey Battle to the lethal looking CF 18, from modern airliners that have no defects and no character to the classic North Star which had both, here is the ultimate line up of the aircraft that have served Canadians in the last century. With over one hundred photographs of fifty historic planes, Wings Across Canada is a retrospective of Canada's aeronautical technology. This book does not compare the planes nor claim that all are classics in the traditional sense of the word. Instead, it is a celebration of a love affair with aircraft that all served a purpose in their own time.
