introduction to the global crisis of displacement and the impact of violence and armed conflict on young people Pelley focuses on the reciprocal adaptation that is required for the long term integration of displaced youth into the receiving society A concise and illuminating study on refugee resettlement Finding Safe Harbour concludes with an in depth discussion of how cities can optimize resilience resources through meaningful engagement with refugee youth Strangers to Neighbours Shauna Labman,Geoffrey Cameron,2020-09-23 As a leading country in global refugee resettlement Canada operates a unique program that allows private groups and individuals to sponsor refugees This innovative approach has received growing international attention but there remains a need for a more expansive understanding of the sponsorship framework and its potential implications within Canada and across the world Strangers to Neighbours explains the origins and development of refugee sponsorship paying particular attention to the unintended consequences and ethical dilemmas it produces for refugee policy The contributors to this collection draw upon law social science and philosophy to bring a more robust and objective perspective on Canada s historical experience with sponsorship into wider conversations about the refugee crisis and resettlement Together they present recent cases that exemplify how the model has been applied and how it functions while also analyzing the challenges that emerge in host sponsor relations This volume further examines how sponsorship has been implemented differently in countries such as the United States and Australia The first dedicated study of refugee sponsorship policy Strangers to Neighbours assembles leading scholars from a range of disciplines to consider whether Canada s system is indeed a sustainable model for the world Judging Refugees Anthea Vogl,2024-03-28 Reveals the impossible demands for narrative placed on refugee applicants and their oral testimony within state processes for refugee status determination Canada as a Principal Power David Brian Dewitt,John J. detailed analysis of life on the job for logging workers during a period that saw the modernization not only of the work but of relations between the workers and the bosses from first page *The Muses Flee Hitler* Jarrell C.
