

# CANADA ESSAY SAMPLE

Most children have the same nose shape or same eye color as with their parents. However, I have inherited more than physical features. I have inherited a passion to learn combined with an insatiable thirst for curiosity. This has served me well all throughout my career in the academe. My father is an electrical engineer, and he taught me the beauty to explore the world with my eyes of inquisition, consistently looking for things to learn from, and to understand even more. I can remember watching him for several hours in front of an elevator schematics in our home, curious as to the means of all those lines and symbols. I was deeply fascinated with technology, and I really wanted to know why and how things worked the way they actually did.

My playground was a space where there are a lot of spare electric wire, old circuit boards, and different broken appliances. I usually spend several hours in tinkering and disassembling with all of the amazing treasures I discover in our garage. My mother, on the other hand, is a teacher. She was the one who first observed my intellectual curiosity, even encouraging me to explore further. She prepared for me mind-opening books, which I devoured willingly. All of these books allowed me to further discover the seemingly irresistible appeal of different imaginative questions, alongside their fascinating answers.

This intellectual curiosity has become the result of a highly unique combination of childhood experiences and early influences which have further fueled my insatiable passion for learning, both inside and outside of our classroom. I hope to continue in applying this curiosity in all aspects of my personal life, exploring this world through the eyes of that child I used to be. By refusing to accept explanations that are obvious, and refusing to simply settle for a surface understanding, great innovators created new technologies and innovations. I will do my best to follow their footsteps. I believe that it is part of my being, driving me to become happy and successful.

## Canadian Essay:

**Symptoms of Canada** Kieran Keohane, 1997 In this provocative essay on the Canadian identity Kieran Keohane gives us his outsider's take on Canada's most debated issue Keohane argues that conflicting objectives have caused the impasse in our search for collective identity These objectives are marked by official multiculturalism a proliferation of interest groups and resurgent xenophobia Integrating social and political theory with witty examples he explores how a strong Canadian identity might be constructed Symptoms of Canada breaks the stalemate in our search for the Canadian identity A refreshing read for Canadians who are tired of the polemics surrounding this issue it offers valuable insight to all countries where the question of identity is a national concern The Canadian Magazine, 1898 **The Canadian Encyclopedia** James H. Marsh, 1999 This edition of The Canadian Encyclopedia is the largest most comprehensive book ever published in Canada for the general reader It is COMPLETE every aspect of Canada from its rock formations to its rock bands is represented here It is UNABRIDGED all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume It has been EXPANDED since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones as a result the text from 1988 has grown by 50% to over 4 000 000 words It has been UPDATED the researchers and contributors worked hard to make the information as current as possible Other words apply to this extraordinary work of scholarship AUTHORITATIVE RELIABLE and READABLE Every entry is compiled by an expert Equally important every entry is written for a Canadian reader from the Canadian point of view The finished work many years in the making and the equivalent of forty average sized books is an extraordinary storehouse of information about our country This book deserves pride of place on the bookshelf in every Canadian Home It is no accident that the cover of this book is based on the Canadian flag For the proud truth is that this volume represents a great national achievement From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated At the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future The statistics behind this volume are staggering The opening sixty pages list the 250 Consultants the roughly 4 000 Contributors all experts in the field they describe and the scores of researchers editors typesetters proofreaders and others who contributed their skills to this massive project The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest Canadian book ever published There are of course many special features These include a map of Canada a special page comparing the key statistics of the 23 major Canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative endpapers But above all the book is encyclopedic which the Canadian Oxford Dictionary describes as embracing all branches of learning This means

that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry A mari usque ad mare from sea to sea which is Canada s motto and a good description of this volume s range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada s finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume The result is a book for every Canadian who values learning and values Canada *Canadian Magazine* ,1913 The Canadian Magazine J. Gordon Mowat, John Alexander Cooper, Newton MacTavish, 1914 *The Canadian Mining and Metallurgical Bulletin* ,1928 **Canadian Methodism** Egerton Ryerson, 1882 *Canada for the Investor and the Industrious Millions of Great Britain* T. W. Sheffield, 1912 Canada-- an American Nation? Allan Smith, 1994 Are Canadians so influenced by the United States that they lack a distinct identity This question has preoccupied Canadians and Canadianists for years Canada An American Nation is a compilation of Allan Smith s essays on the influence of American society on Canadian identity Based on the notion that Canada can best be understood if viewed in relation to the United States the book explores the ways in which American influences have challenged Canada s cultural independence and asks whether Canada has maintained its own identity *Re-exploring Canadian Space* Jeanette M. L. den Toonder, Bettina van Hoven, 2012 A variety of productions and representations of Canadian identities are the central theme that runs through this book The different contributions explore imagined spaces by considering Canadian music poetry and novels they engage with political space by addressing various ways in which the people of Canada have made claims to different regions in the distant and recent past and they address lived spaces and their actual and symbolic meanings It is an unusual book as it encompasses the writings by those studying the arts and literature as well as writings by social scientists and it includes both English and French speaking scholars The richness that can be found in this multitude of perspectives and approaches to exploring Canadian space is characteristic of the way in which Canadian Studies is practiced nowadays It is therefore an appropriate volume to celebrate 20 years of Canadian Studies in the Netherlands **The Canadian Magazine of Politics, Science, Art & Literature** ,1911 **The Canadian Monthly and National Review** Graeme Mercer Adam, George Stewart, 1878 **The Canadian Methodist Magazine** ,1883 *Canadian Defence Quarterly* ,1929 An Outline of Canadian Literature, French and English Lorne Pierce, 1928 *Journal of the Canadian Bankers' Association* Canadian Bankers' Association, 1922 Canadian Magazine of Politics, Science, Art and Literature ,1911 **The Canadian Annual Review of Public Affairs** ,1922 **Highways of Canadian Literature** John Daniel Logan, Donald Graham French, Donald G.
