Canadian Reference Sources Mary E. Bond,Martine M. Caron,1996 This bibliography cites those Canadian and foreign reference sources that describe Canadian people institutions organizations publications art literature languages and history It lists books of a general nature as well as

works in the disciplines of history and the humanities. These large divisions are then broken down by subject, genre, type of document, and province or territory. Titles of national, provincial, territorial, or regional interest are included in every subject area when available. The contents of the book are indexed four ways: by name, title, French subject, and English subject. And to facilitate browsing, the major reference books, those dealing with more than one subject or a large geographical region, are also cross-referenced. Two entries have been created for each bilingual document in order to provide access and bibliographical descriptions in both of Canada's official languages. Entries for unilingual works include citation in the language of the publication and a bilingual annotation. The annotations are descriptive and provide information on the content, arrangements, and indexing of works, the availability of non-print formats, previous editions, and title changes, and related works. Canadian Reference Sources will be an invaluable reference tool for future scholars and researchers.

Stones, Bones and Stitches Shelley Falconer, Shawna White, 2007-10-09. Did you know Cape Dorset boasts the largest number of artists per capita in Canada? 22.7 percent, almost one quarter of the labor force, and thirty times the national average. The word Eskimo is a derogatory term meaning eaters of raw flesh. Some Inuit artists quarry stone for their sculptures in the winter but have to wait until the summer to bring it back to their workshops. An igloo uses the same design principles found in the great cathedrals of Europe. According to legends, the stone figures called Inukshuks protect travelers and point them to the safest pathway. The Inuit have been carving for over 4,000 years. Stones, Bones and Stitches is a fascinating and beautiful introduction to the art of the North. Focusing on several important works from the McMichael Canadian Art Collection, curators Shelley Falconer and Shawna White take you on an impressive journey through the artistic landscape. The evolving character of the North is explored through the lens of some of Canada's most significant Inuit artists, past and present. Included are eight different works, from sculpture to prints, each highlighted with introductions to the artists, the materials they used, geography, legends, and stories. Photographs, together with intriguing facts, give the reader insight into the artists' lives, communities, and working conditions, along with brief histories of the region. **Sculpture/Inuit** Vancouver Art Gallery, 1971. **Inuit Art**, 1988. From the first magical amulets and weapons to the world-famous Cape Dorset prints, Inuit art is discussed by authorities such as Sheila Butler. Wall Hangings from Baker Lake. First Printmaking Year at Baker Lake. Charlotte and Edward Lindgren. The Pangnirtung Tapestries and Jean Blodgett. The Historic Period in Canadian Eskimo Art. For the newcomer, a solid introduction to Inuit art for collectors and researchers, a gathering of expert knowledge in one volume.
