Canadian Society In The Twenty First Century:

Canadian Society in the Twenty-First Century, Fourth Edition Trevor W. Harrison, John W. Friesen, 2021-03-03

Confederation may have established Canada's nationhood in 1867 but the relationships framing Canada's modern existence go back much further. Employing a unique socio-historical perspective, *Canadian Society in the Twenty First Century* examines three formative relationships that have shaped the country: Canada and Quebec, Canada and the United States, and Canada and Indigenous nations. Now in its fourth edition, this engaging text offers students an overview of Canadian society through a series of connections rather than a collection of statistics. Trevor W. Harrison and John W. Friesen weave together complex aspects of the nation's economic, political, and socio-cultural development. They guide readers to use this interdisciplinary framework to consider some of the tough questions that Canada is likely to face in adjusting to demands and challenges in the next few decades. Reflecting the most current scholarship in the field, this revised edition features new discussions on issues such as the current crisis of neo-liberal globalization, Canada's petroleum industry, global warming, the Wet'suwet'en dispute in 2020, and the COVID-19 pandemic. Exploring the unique character of Canada today, this text is a vibrant resource for sociology courses on Canadian society as well as courses in Canadian studies and Canadian history.

Canadian Society in the Twenty-first Century Trevor W. Harrison, John W. Friesen, 2010. Now in its second edition.

Canadian Society in the 21st Century: A Historical Sociological Approach opens up an engaging and much-needed overview of our society at a level appropriate for a wide range of courses in Canadian Studies, Sociology, and History. This original work examines the growth and development of Canadian society within a socio-historical framework. The authors investigate historical economic, political, cultural, and ideological perspectives through three key relationships: Quebec and Canada, Canada and the United States, and Canada and the Aboriginal Nations. Examines society as a set of relationships that emerge gradually over time as fostered, encouraged, and mediated by a set of institutions, in particular the state and markets. Explores society as the product of an historical narrative, a movie rather than a snapshot, which enlists many literary devices including myths, metaphors, symbols, heroes, villains, and tragic figures. Identifies the complex relationship between individuals and society. Students are asked to consider to what extent individuals create society and conversely to what extent society creates individuals.

Canadian Society in the Twenty-First Century Trevor Harrison, Lawton, Paul K, 2004. Appropriate for Canadian Society and Canadian Studies courses. This text examines the growth and development of Canadian society within a socio-historical framework. Following the progress of our society into the 21st century, Harrison investigates historical economic, political, cultural, and ideological perspectives through 3 key relationships: Quebec and Canada, Canada and the United States, and Canada and the Aboriginal Nations. An introductory chapter presents central sociological theories of structural functionalism, symbolic interactionism, conflict, and feminism as it pertains to the text's central themes of nation, state, and society.
