Exploring Contemporary Craft Jean Johnson, 2002 The craft of craft the art of craft here in Canada we re just starting to really talk about these things In March 1999 Jean Johnson who runs Toronto s Craft Studio at Harbourfront Centre organized a wildly successful symposium on the state of craft in Canada Curators writers critics academics and craftspeople spoke about all aspects of craft history practice theory criticism Taken together these papers create a clear picture of the vibrant crafts scene in Canada The symposium was a groundbreaking event a first in Canada offering to the crafts community a new depth of consideration The book too is a Canadian first and it will allow a dialogue about the academic side of the craft movement to continue Each of the book s three sections History Theory and Critical Writing contains a keynote paper and essays by experts in each field including Mark Kingwell writing On Style Blake Gopnik on Reviewing Craft Exhibitions for the Art Pages and Robin Metcalfe addressing Teacup Readings Contextualizing Craft in the Art Gallery

Crafting Identity Sandra Alföldy, 2005-07-26 By contrasting American experience with the Canadian context which includes a unique Quebec identity and a Native dimension Sandra Alföldy argues that the development of organizations advanced education for craftspeople and exhibition and promotional opportunities have contributed to the distinct evolution of professional craft in Canada over the past forty years Alföldy focuses on 1964 74 and the debates over distinctions between professional self taught and amateur craftspeople and between one of a kind and traditional craft objects She deals extensively with key people and events including American philanthropist Aileen Osborn Webb and Canadian philanthropist Joan Chalmers the foundation of the World Crafts Council 1964 and the Canadian Crafts Council 1974 the Canadian Fine Crafts exhibition at Expo 67 and the In Praise of Hands exhibition of 1974 Drawing upon a wealth of previously unexploited materials this richly documented survey includes

descriptions and illustrations of significant works and identifies the challenges that lie ahead for professional crafts in Canada Crafting new traditions Melanie Egan, Alan C. Elder, Jean Johnson, 2008-01-01 *Crafting New Traditions* Canadian Innovators and Influences brings together the work of eleven historians and craftspeople to address the two questions of who has influenced the recent history of Canadian studio craft and who will be considered as the pioneers of Canadian craft in the future Published in English **Anthropologica** ,2003 *In Good Hands* Ellen Easton McLeod, 1999-12-20 The Canadian Handicrafts Guild broadened the definition of art and the artist in Canada Linking decorative arts with home arts and handicrafts the Guild consistently showed them together at annual exhibitions at the art gallery in Montreal and formed a permanent collection documenting old and contemporary crafts The Guild women combined creativity and philanthropy voluntarism and an entrepreneurial spirit education and concern with quality in a movement that provided income and recognition to craftspeople and a craft legacy to Canada In Good Hands is alive with the interplay between art and social history and the issues this dialogue raised at the time and those we bring to it now constantly overlap It deals with noblesse oblige and the era's patronizing attitude to cultural difference but shows how the Guild consciously fostered an inclusive national feeling by exhibiting and selling crafts of all Canadians on an equal footing It also draws a much broader perspective of women's roles in shaping our culture than has been the norm in Canadian art history The Canadian Historical Review ,2002 Saskatchewan History ,2001 **Material Culture Review** ,2006 *Canadian Books in Print* ,2003 **Index to Theses with Abstracts Accepted for Higher Degrees by the Universities of Great Britain and Ireland and the Council for National Academic Awards** ,2000 Canadian Books in Print 2002 Marian Butler, 2002-02

Canadian Art and Architecture Diane E. Peters, 2003 Access to dissertations and theses is becoming increasingly easier as a result of digitalization projects such as UMI's Current Research which at the present time provides full text access to dissertations published after 1996 However access to retrospective titles continues to prove difficult This bibliography addresses some of the limitations of Dissertation Abstracts especially in uncovering works below the doctoral level and those produced in Canada's French language universities While Canadian research is accessible by title and keyword through the National Library of Canada's checklists covering the period from 1821 onwards there are few existing publications that provide abstracts Existing annotated bibliographies in the field of fine arts in Canada merely cover dissertations written prior to 1981 This book identifies 1765 theses or dissertations dealing with Canadian art or built architecture in Canada excluding studio projects and works on landscape architecture Chronologically these works cover a time span from 1924 to 1999 The bibliography is divided into 25 sections 13 dealing with art and 12 dealing with architecture Works are listed in the category considered most descriptive of content with cross references to other relevant sections Author institution and detailed

subject indexes are provided along with order numbers where available All abstracts are in English although approximately 40 percent of the works included were written in French with a few in other languages A specialized but needed resource reference work for librarians art and architecture historians and students of Canadian art and architecture
