The editors begin the volume with an essay that discusses what political behaviour is how the study is done and why it is important as a field of study and they end the book with an examination of the state of the field in Canada today and an assessment of tomorrow's challenges **Politics is Local** R. Kenneth Carty, Munroe Eagles, 2005 Politics is Local examines a critical but often neglected aspect of party politics the local Virtually everything available on parties and elections in Canada focuses on parties as national organizations vet most Canadians operate in their individual communities and their associations are driven by the idiosyncratic patterns of community life in Canada The authors examine the local dimension of party politics its organization structure and activity patterns The book explores several dimensions of local politics and demonstrates that parties are deeply rooted in local communities and that the shape of these many communities profoundly structures political life Canadian Periodical Index .1965 The Politics of the Elite Modesto Gayo, María Luisa Méndez, 2023-11-24 This book is a study of class formation at the top of the social hierarchies during the turbulent and changing early twenty first century Contrary to perceptions that privileged individuals exist according to little more than market and economic logics the book provides evidence that they are by no means absent from politics and civic engagement Adopting a focus on reproduction distinction and politics it delves into the complex relationship between cohesion and fragmentation that exists within the most privileged groups formed over the course of the contemporary neoliberal period By knitting a dialogue between spatial analysis multiple correspondence analysis and in depth interviews the book provides insights into the intricate relations between institutions and political subjectivities and the role of space and mothering in the political socialisation of Chile's most privileged families. The result is a dense description of a social class fragmented by subtle ideological lines based upon economic inheritance socialisation within homogeneous family environments paths into the labour market and social and political activities This book will constitute a much needed research resource for academics students and professionals in areas such as elite studies social
