Canadians At Last The Integration Of Newfoundland As A Province:

Ottawa and the Outer Provinces Stephen Tomblin, 1995-01-01 Preface One Shifting Boundaries and Regional Integration Two The Quest to Create a Nation Three The Atlantic Region of Canada Four The Prairie Western Regions of Canada Five British Columbia A Distinct Economic Zone Six Future Patterns of Cooperation Notes Index **From Rights to Needs** Raymond B. Blake, 2009-07 This book explores the family allowance phenomenon from the idea's debut in the House of Commons in 1929 to the program's demise as a universal program under the Mulroney government in 1992 Although successive federal governments remained committed to its underlying principle of universality party politics bureaucracy federal provincial wrangling and the shifting priorities of citizens eroded the rights based approach to social security and replaced it with one based on need In tracing the evolution of one social security program within a national perspective *From Rights to Needs* sheds new light on how Canada's welfare state and social policy has been transformed over the past half century Canadian Books in Print 2002 Marian Butler, 2002-02 **The Canadian Historical Review**, 1995 **The Provinces and Canadian Foreign Trade Policy** Christopher J. Kukucha, 2009-07-01 During the past thirty years international trade agreements have focused increasingly on areas of provincial jurisdiction In *The Provinces and Canadian Foreign Trade Policy* Kukucha argues that Canadian provinces have maintained a level of autonomy in response to these developments sometimes even influencing Canada's global trade relations and the evolution of international norms and standards The first comprehensive review of provincial foreign trade policy in Canada the book highlights the convergence of debates related to federalism Canadian foreign policy and the global political economy as they are played out in the negotiation and implementation of international trade agreements It will be of interest to students and practitioners of political science public policy and economics **Introducing Canada** Brian Gobbett, Robert Irwin, 1998-04-30 In addition to presenting brief descriptions of more than 1 000 historical monographs dealing with Canada the bibliography introduces the reader to several historiographic debates and places key works within that context **Canadians at Last** Raymond B. Blake, 1994-12-15 History provides some interesting case studies of what happens when trade barriers come down Among them is the story told in this book of Newfoundland's integration into Canada in the aftermath of the province's 1948 referendum Raymond B Blake takes a refreshing approach to this episode in Canadian history avoiding the old shibboleths of conspiracy and local nationalism and instead making a down to earth study of economic and political events *Canadians at Last* explores the efforts of the many Canadians and Newfoundlanders who tried to make Confederation work Blake argues that Canada wanted union to remove any uncertainty in its dealings with Newfoundland over civil aviation defence and trade Newfoundland opted for union largely because Canada's burgeoning social welfare system promised a more secure existence Investigating the complex problems they encountered Blake details changes in trade fishing and manufacturing and in the political process in Newfoundland He also looks at the introduction and impact of social programs and the terms of the US

military presence there Finally he demonstrates that by 1957 Newfoundland s integration into Canada was essentially complete it was being treated the same as the other provinces subject to the terms of union By beginning with the 1949 Confederation rather than the activities leading up to it and by thoroughly documenting areas of agreement contention and neglect Blake writes a solid contemporary history of Newfoundland s integration into Canada Virtually the only complete academic treatment of this subject Canadians at Last offers much basic information that so far has not been made available
