## **Cancer And Self Help Bridging The Troubled Waters Of Childhood Illness:**

**Cancer and Self-help** Mark A. Chesler, Barbara K. Chesney, 1995 Written for and about the special population of parents of children with cancer this book explores the remarkable effectiveness of self help groups and profiles their rapid rise as a resource complementing traditional health care Mark A Chesler and Barbara K Chesney draw on their own experience as members of such groups and on a combined thirty years of research on self help They provide essential information for families of children with cancer and other chronic life threatening illnesses for health care professionals working with them and for scholars of self help and psychosocial processes in health care including explanations of how self help groups function why they are effective and how they can be created and maintained The authors show that through self help groups parents can learn coping skills find personal affirmation and mutual support and share the wisdom gained from their experiences Chesler and Chesney find that group participation improves parents coping capabilities in the face of terrible odds and fosters an increased sense of empowerment as they care and advocate for their children in an increasingly complex health care system Cancer and Self Help distills the experiences of more than fifty self help groups and their members over twelve years It also places cancer self help groups in a larger context comparing them to other social movement organizations and to other strategies for personal coping or change The book includes the voices of individual parents and professionals recounting their experiences detailed examples of group activities programs operating procedures and organizational structures fundamental how to information on forming a self help group comments on the roles and dilemmas of health care professionals in these groups and on the medical care system as a whole and interpretations of these individual and organizational dynamics

**Understanding Self-help/mutual Aid** Thomasina Borkman, 1999 Self help groups have encountered fierce criticism as places where individuals join to share personal problems and to engage in therapeutic intervention without the aid of skilled professionals These groups have flourished since the 1970s and continue to serve more people than professional therapy Yet these groups have been criticized as fostering a culture of whiners and victims and not using professional help as needed Thomasina Jo Borkman debunks this commonly held assessment and also examines the reasons for these groups enduring popularity since the 1960s more people attend these meetings word than see professional therapists What accounts for their success and popularity Understanding Self Help Mutual Aid Groups is the first book to describe three stages of individual and group evolution that is part of this organization s very structure it also reconceptualizes participants interactions with professionals The group as a whole Borkman posits draws on the life experiences of its membes to foster nurturing support and transformation through a circle of sharing Groups create more positive and less stigmatizing meaning perspectives of the members problems than is available from professionals or lay folk culture

**Cancer and Self-help** Mark A. Chesler, Barbara K. Chesney, 1995 Written for and about the special population of parents of children with cancer this book explores the remarkable effectiveness of self help groups and profiles their rapid

rise as a resource complementing traditional health care Mark A Chesler and Barbara K Chesney draw on their own experience as members of such groups and on a combined thirty years of research on self help They provide essential information for families of children with cancer and other chronic life threatening illnesses for health care professionals working with them and for scholars of self help and psychosocial processes in health care including explanations of how self help groups function why they are effective and how they can be created and maintained The authors show that through self help groups parents can learn coping skills find personal affirmation and mutual support and share the wisdom gained from their experiences Chesler and Chesney find that group participation improves parents coping capabilities in the face of terrible odds and fosters an increased sense of empowerment as they care and advocate for their children in an increasingly complex health care system Cancer and Self Help distills the experiences of more than fifty self help groups and their members over twelve years It also places cancer self help groups in a larger context comparing them to other social movement organizations and to other strategies for personal coping or change The book includes the voices of individual parents and professionals recounting their experiences detailed examples of group activities programs operating procedures and organizational structures fundamental how to information on forming a self help group comments on the roles and dilemmas of health care professionals in these groups and on the medical care system as a whole and interpretations of these individual and organizational dynamics

*Self-Help Groups for Parents of Children with Intractable Diseases* Tomofumi Oka,2003-09 The purpose of this dissertation is to examine the organisational problems and in particular the leadership problems of self help groups in Japan for parents whose children have intractable diseases Since 1993 I have been involved with these parent groups and have conducted three sorts of qualitative interview thirteen informal conversational interviews four focus group interviews and fourteen guided interviews involving the members of twenty one parent groups Part of the research was carried out as participatory action research in which a research team was formed and authorised by the parent groups My findings have shown that the groups most serious problems lay not outside their groups but within with the shortage of suitable leaders who volunteered in the activities Three different sorts of account were given concerning the leadership shortage They included justification accusation and exposure the participants claimed that taking care of ill children caused the leadership shortage selfish members created it or the determination of older leaders to remain at the helm prevented new members from becoming leaders Cognitive maps have been drawn of these situations I have explained the theories behind the free rider and social loafing problems and the leadership traps confronting the parent groups and have applied attribution theory to the results I have discussed the practicality of consultation for group leaders and argued that organisational socialisation should be activated in the parent groups while propounding the island within a lake model of parent groups Methodologically I have discussed social research within Japanese culture and the ethical issues pertain to participatory action research

**Everyone's Guide to Cancer Therapy; 4th Edition** Malin Dollinger,2002-12-02 Every

chapter of this comprehensive guide has been updated and revised to include the latest medical breakthroughs and advice about cancer treatment

Line drawings *Reciprocal Relationships and Well-being* Maritta Törrönen, Carol Munn-Giddings, Laura Tarkiainen, 2017-12-14 A sense of participation and opportunities to share and participate in activities or groups that are important to them are crucial factors in human wellbeing This book provides a robust empirical and theoretical analysis of reciprocity and its implications for social work and social policy practices by discussing how ideas of reciprocity can be understood and applied to welfare policy and social care practices as well as how the act of reciprocity supports the wellbeing of citizens Contributions from Finland Germany Russia the UK the USA and Canada illuminate the ways in which socio political contexts influence the power relations between citizens practitioners and the state and the potential or otherwise for reciprocity to flourish It will be essential reading for social care practitioners researchers and educationalists as well as postgraduate students in social work and related social care and community oriented professions and social policy makers

**Handbook of Community Movements and Local Organizations** Ram A. Cnaan, Carl Milofsky, 2007-12-18 Although the way associations and the organization of local social life are intertwined is one of the oldest approaches to community study the way citizens and residents come together informally to act and solve problems has rarely been a primary focus Associations are central to important and developing areas of social theory and social action This handbook takes voluntary associations as the starting point for making sense of communities It offers a new perspective on voluntary organizations and gives an integrated yet diverse theoretical understanding of this important aspect of community life

Self-Help and Support Groups Linda Farris Kurtz, 1997-02-04 She provides practical advice and direction to professionals for working with these groups while analyzing self help support organizations on three different levels in terms of the groups themselves the groups members and the practitioner s interaction with the groups In addition this comprehensive volume discusses the most prominent representative associations as examples of different types of groups including Alcoholics Anonymous Recovery Inc National Alliance for the Mentally Ill and the Alzheimer s Association It also examines the rise of telephone and on line self help considering the advantages and disadvantages of this style of group interaction

**Supportive Cancer Care** Ernest H. Rosenbaum, Isadora R. Rosenbaum, 2001 Over 60 experts answer every possible question concerning a patient s physical psychological and spiritual needs It touches on medical social and financial support services and also covers death bereavement and facing the future without a loved one

Family Systems Within Educational Contexts Rosemary Lambie, 2000

Consumer Perspectives of the Role of Self-help and Traditional Services in the Lives of People with Schizophrenia Barbara Marie Hughes, 2004

**Adolescence**, 1997

*Connections*, 1995

Handbook of Mental Health Interventions in Children and Adolescents Hans Steiner, 2004-03-29 The Handbook of Mental Health Interventions in Children and Adolescents is an essential guide for mental healthcare professionals to the theory and practice of mental health treatment for children up to age nineteen Written by a panel of the best known names in the field

this systematic and comprehensive resource includes the most current information on developmental science as it pertains to treatment psychopharmacology psychotherapy sociotherapy and the integration of treatments     *Understanding Dying, Death, and Bereavement* Michael R. Leming, George E. Dickinson, 2007 Using a social psychological approach this edition remains solidly grounded in theory and research but places greater emphasis on the individual and coping with death and dying These two well known authors and researchers integrate stimulating personal accounts throughout the text and apply concepts to specific examples that deal with cross cultural perspectives and the practical matters of death and dying

Negotiating Radical Change ,2000     **Doody's Rating Service** Daniel J. Doody, 1996     **American Sociological Review** Frank Hamilton Hankins, 1995 Includes sections Book reviews and Periodical literature     **Whitaker's Books in Print** ,1998     **Understanding Dying, Death & Bereavement** Michael R. Leming, George E. Dickinson, 1998 This work approaches the subject of death and dying from a social psychological perspective while examining the social meanings of dying and death It addresses such issues as religion and death attitudes the dying process euthanasia bereavement burial practices and death perceptions from childhood through older adulthood This edition has been updated to include information and statistics on death etiology and life expectancy

## Unveiling the Power of Verbal Art: An Psychological Sojourn through **Cancer And Self Help Bridging The Troubled Waters Of Childhood Illness**

In a world inundated with screens and the cacophony of instantaneous communication, the profound energy and mental resonance of verbal artistry frequently fade into obscurity, eclipsed by the continuous onslaught of noise and distractions. However, situated within the lyrical pages of **Cancer And Self Help Bridging The Troubled Waters Of Childhood Illness**, a charming perform of literary brilliance that impulses with organic thoughts, lies an unforgettable trip waiting to be embarked upon. Composed by way of a virtuoso wordsmith, that magical opus courses visitors on a mental odyssey, gently exposing the latent potential and profound influence embedded within the complex internet of language. Within the heart-wrenching expanse with this evocative examination, we shall embark upon an introspective exploration of the book is key subjects, dissect their fascinating publishing style, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.
