**The Doctor's Diet** Travis Stork, 2016-07-05 The Doctor's Diet is way more than just an eating plan. It's a blueprint for a longer, healthier, happier life. The Doctor's Diet is the solution to unhealthy eating, an American epidemic with a death toll higher than that of car accidents, drug abuse, smoking, and gun violence combined. Here, Dr. Stork offers a flexible and workable diet plan that addresses this health crisis by helping you lose weight, restore your health, and ultimately add years to your life. Because Dr. Stork understands the urgency of this weight crisis, he created a simple 14-day jump-start STAT plan so that you can begin losing weight right away. Readers will be inspired by Dr. Stork's encouragement and will establish healthy new eating habits with great-tasting meals, easy-to-follow recipes, and enough flexibility that anyone can follow along, from vegetarians to meat eaters and everyone in between. This is a diet that can work for you. **The Doctor's Guide to**

**Surviving When Modern Medicine Fails** Scott A. Johnson, 2015-04-21 Instead of running to the doctor every time you get sick, you can avoid the illness in the first place with the solutions offered in *The Doctor's Guide to Surviving When Modern Medicine Fails*. No matter your current state of health, these easy-to-follow steps will help you elevate your health and live a longer life. This book goes above the standard of healthy eating and exercise. Dr. Johnson tells you what to eat, how to employ proven dietary supplements as allies in your health, ways to regularly cleanse your body of toxins and harmful chemicals to prevent common colds and diseases, and how to get the most out of physical activity and more. The techniques outlined by Dr. Scott A. Johnson will create a bodily environment inhospitable to heart disease, cancer, diabetes, and more. Thomas Edison: Alternative natural healing gives you control over your own health and well-being. Chronic, acute, and even life-threatening illnesses can be miraculously cured without taking dangerous drugs. This work, in the making for over ten years, is one of the most comprehensive compilations in the field in which the following prestigious, nationally and world-renowned medical doctors working in the alternative healing field have added their expertise: Dr. Ray Wunderlich, Columbia University and well-admired pediatrician, now alternative healer; Dr. Andrew Weil, Harvard MD graduate, well-known and loved leader in the field; Dr. Ray Rowen, California MD, an innovator and researcher in new-age medicine; and many outstanding natural healing practitioners, all of whom make up this work. Appropriations, 1931 **Medicine Man** Peter Kennedy, M.D., 2015-09-01 Dr. Peter Kennedy, cum laude graduate of Harvard University and graduate with highest honors of Baylor Medical School, was formerly head of the Metropolitan Oncology Medical Group in Los Angeles. Dr. Kennedy describes his journey in medicine in his medical memoir *MEDICINE MAN: The Making of a Cancer Doctor*. Peter Kennedy wasn't expected to live. Born premature with serious kidney defects, he seemed like

a lost cause Yet Kennedy survived enduring multiple surgeries and going on to become a successful oncologist and medical researcher in the Los Angeles area The son of an Irish immigrant and a Jewish mother both suffering from chemical dependencies Kennedy grew up sickly in a tough Connecticut neighborhood His transition to Minnesota athlete leader and outdoorsman during high school and his acceptance at Harvard where he graduated with honors was nothing less than miraculous His success in medical school and subsequent work as an instructor scientist medical researcher and medical oncologist was the fulfillment of the American Dream Dr Kennedy says Cancer currently strikes one in two men and one and three women It s treated by men in white coats which most people know only as fairly anonymous health providers Over my career I ve come to realize people need to understand that their doctors are people who have known strife hardship challenges That we have different skill sets and varying approaches Patients and families need to know this In particular cancer patients need to realize there s a human behind the white coat who should be their partner in treatment Through this book readers will see inside the system that trains doctors They will meet doctors understand how doctors themselves perceive their patients and be more able to decide how and by whom they want to be treated Nothing is more powerful for cancer patients than finding the right partner to provide them treatment care and comfort Dr Kennedy describes how incorporating alternative medicine into his practice helped him treat patients more effectively and details how accommodating cultural norms within specific Los Angeles ethnic communities helped him identify and gain early diagnosis for hundreds of cancer patients who might otherwise have gone untreated He reviews how and why cancer must be treated as a family illness and why families and support structures are critical to extending life and providing optimal quality of life to patients afflicted with cancer Dr Cary Presant Clinical Professor of Medicine at the University of Southern California Keck School of Medicine says Reading this excellent book shows how difficult it is to become a physician and fight disease as well as the medical system Dr Kennedy s descriptions of his feelings about his patients are richly worded and emphasize how important it is for each reader to find a dedicated compassionate doctor like the author I recommend it highly Dr Presant is also past President of the California Division of the American Cancer Society and Past President and Chairman of the Board of the Medical Oncology Association of Southern California Medicine Man takes readers on a journey through the American medical system and gives them information and insight that may well save their life or the life of someone they love It is the perfect read for anyone currently undergoing cancer treatment or for anyone who is considering a career in medicine
