Murgatroyd, 2024-10-21 *Education Futures for School Leadership* is a comprehensive resource to support school leaders as they encounter the growing complexity and uncertainties that characterize life in schools today. Moving beyond conventional change management literature, this book invites current and aspiring school leaders to apply the interdisciplinary tools of futures studies and strategic foresight to their work. Given our shared global challenges, young people deserve schools that are agile, adaptive, and responsive to many possible futures. Driven by the imperatives of equity and inclusion, the authors provide practical evidence, informed strategies, real-world examples, and use cases of futures thinking applied to school staff development and change strategies. Each chapter engages with key educational realities: differentiating instructional planning and assessment, the impacts of artificial intelligence and other technologies, the growing psycho-social issues young people are facing, and more. Informed by years of international collaboration with forward-thinking school leaders and scholars, this book is both a field guide and a call to action for navigating the influence of the future on our present moment and the challenges and promises shaping school life today.      *Literacy and Learning in the Content Areas* Sharon

Kane, 2025-04-23 The fifth edition of *Literacy and Learning in the Content Areas: Enhancing Knowledge in the Disciplines* provides readers with the knowledge, motivation, tools, and confidence for integrating literacy in their disciplinary classrooms. Offering a literature-based approach to teaching disciplinary literacy, the new edition shares important ways in which teachers of courses in the disciplines can enhance student learning of subject matter and skills while also fostering their growth in the many facets of literacy. Throughout each chapter, Kane provides engaging and creative strategies and activities to make literacy come alive in discipline-specific courses and to encourage students to explore and learn in the classroom. Embedded in each chapter are examples, resources, and strategies to help readers actively engage with and implement literacy practices. These features include Teaching in Action examples by subject area, Activating Prior Knowledge activities to stimulate critical thinking to prepare readers to learn complex theoretical and conceptual material about teaching, learning, and literacy, and end-of-chapter Application Activities to apply field experiences to classroom use. New to the Fifth Edition: Every chapter of this new edition is updated to reflect the current approaches, standards, and benchmarks for discipline-specific literacy. A new introduction with reading activities for professors to exemplify a common reading experience with their students, supported by online reading materials. New book talks to highlight books that show disciplinary thinking in action, including literature related to art, physical education, economics, computer science, engineering, food science, music, robotics, environmental science, family and consumer science, and technology. Expanded practical instructional strategies with new examples focused on STEAM, science, technology, engineering, art, math, fields, and topics relating to diversity and language, ESL, ENL, and modern language learning. Updated examples and activities to emphasize students' active involvement.
