**Youth, Faith, and Artificial Intelligence** Zaremohzzabieh, Zeinab, Abdullah, Rusli, Al-Issa, Riyadh Salim, Ahrari, Seyedali, 2025-08-29 As AI continues to reshape society, its intersection with the younger generation and faith has presented opportunities and ethical questions. For the youth, navigating their beliefs and identity has become increasingly difficult in this modern world. AI can serve as a tool and a hindrance to spiritual exploration and a challenge to traditional values. Faith communities in turn are grappling with how to engage youth meaningfully in an era shaped by algorithms, virtual interactions, and machine learning. Youth, Faith, and Artificial Intelligence explores the rapid advancement of AI and its impact on the way we interact with the youth. This book examines how theological perspectives can help youth navigate the complexities of an AI-driven society. Covering topics such as AI, youth, and engagement, this book is an excellent resource for sociologists, researchers, academicians, educators, and more.

**Adolescent Health and Well-Being** Melissa Kang, Imelda Coyne, Nicola J Gray, 2025-09-26 This important book explores adolescent health and well-being through an ecological and developmental lens, drawing on international comparative studies and data sources to provide valuable contextual insights. Recognising that children and adolescents are not a homogenous group, this book highlights the importance of age distinctions in shaping health needs, risks, and protective behaviours. Adolescent development, the epidemiology, and social determinants of adolescent health, health literacy, and health promotion are foundational themes woven throughout the chapters. It explores how gender influences both health behaviors and outcomes, emphasising the need for a nuanced understanding of adolescent well-being. By presenting data comparisons across time and socio-demographic groups, this book sheds light on disparities related to gender, ethnicity, including Black and minority ethnic and Indigenous populations, age, geography, and socioeconomic status, offering valuable insights into the diverse factors that shape adolescent health. This textbook is intended for clinicians, researchers, policymakers, advocates, youth workers, adolescents, and their parents and carers.

*PROMISE - PROMoting AI's Safe usage for Elections* Biplav Srivastava, Anita Nikolich, Andrea Hickerson, Tarmo Koppel, 2025-09-26 This book explores the evolving role of artificial intelligence in electoral processes, focusing on its potential to improve data-driven decision making amid the growing challenges of misinformation, manipulation, and voter suppression. It discusses how AI tools, from chatbots to comprehensive data systems, could address information gaps for voters.

candidates and election commissions especially during a pivotal election year like 2024 while acknowledging the skepticism and fears that often surround the use of AI in such critical civic functions Drawing on insights from three specialized workshops at major AI conferences the book compiles research and expert discussions from fields such as security journalism law and political science It serves as a comprehensive resource for researchers educators practitioners students and government officials offering self contained chapters that cover both technical and ethical aspects of employing AI in elections The work also emphasizes the importance of maintaining high professional and ethical standards in the intersection of technology and democracy This book will serve as an important resource on election topics AI techniques and trust methods for researchers teachers practitioners students and government officials in their efforts to improve democratic electoral processes with technology It assumes the reader is knowledgeable at high school level or higher about one or more topics in civics and computing concepts Sufficient background are given by contributors to make the chapters self contained and widely understandable
