Diana Crash:

Diana Inquest: How and Why Did Diana Die? John Morgan, 2009-08-27 Princess Diana survived the 12 23 a m crash in Paris witness and photographic evidence clearly showed she was alive conscious and talking in the back of the Mercedes Yet just after 4 a m Diana was pronounced dead What occurred in the intervening 3 1 2 hours that brought on her premature death Are there people who should be held accountable for what occurred on that final tragic night Based on the evidence heard during the inquest *The Untold Story* reveals to the public for the first time the minute by minute events that were occurring both inside and outside Diana s ambulance It establishes the surprising truth of precisely what led to Diana being virtually dead when she finally arrived at the hospital at 2 06 a m 1 hour and 43 minutes after the crash This 2nd volume of *The Untold Story* reveals the evidence that the 2008 inquest heard regarding medical treatment and motives and finally answers the two most important questions regarding Princess Diana s death How and Why **The Decoy** Chester Stern, 2012-08-19 Throughout her public life the eyes of the world were on Diana Princess of Wales But who else was watching her more closely What were their motives What was their agenda And what was their role in her death Diana famously predicted her own demise in a road accident When it happened Her Majesty the Queen warned Diana s butler to beware of dark forces telling him of powers at work in this country about which we have no knowledge After two international police investigations and an exhaustive inquest questions still remain about the circumstances surrounding the death of the self styled Queen of Hearts On the night she died two secret operations one connected to the British Establishment and one involving major figures in the French government collided unintentionally with catastrophic results From Bosnia to Baghdad from Paris to Washington from Angola to London this faction thriller tells the compelling story of the British French and American secret services involvement in the most iconic car crash in history and beyond The names dates places and events are real Only the storyline is fiction Or is it As the former head of Scotland Yard s press bureau crime correspondent for a Sunday newspaper and personal adviser to Mohamed Al Fayed the author has a unique insight Among the countless conspiracy theories his is the most plausible account so far This is a must read for all students of the subject

The Bodyguard's Story Trevor Rees-Jones, Moira Johnston, 2007 The phenomenal bestselling first hand account of the crash that killed Diana its causes and consequences by the bodyguard who survived **Diana: Case Solved** Dylan Howard, 2019-09-17 This particular phase in my life is the most dangerous My husband is planning an accident in my car brake failure and serious head injury in order to make the path clear for him to marry Letter written by Princess Diana late 1996 It is a moment that remains frozen in history When the Mercedes carrying Diana Princess of Wales spun fatally out of control in the Pont de l Alma tunnel in Paris in August 1997 the world was shocked by what appeared to be a terrible accident But two decades later the circumstances surrounding what really happened that night and crucially why it happened remain mired in suspicion controversy and misinformation Until now Dylan Howard has re examined all of the

evidence surrounding Diana's death: official documents, eyewitness testimony and Diana's own private journals as well as amassing dozens of new interviews with investigators, witnesses and those closest to the princess to ask one very simple question: Was the death of Princess Diana a tragedy or treason? *Diana Case Solved* has uncovered in unprecedented detail just how much of a threat Diana became to the establishment. In these pages you will learn of the covert diaries and recordings she made, logging the Windsors' most intimate secrets and hidden scandals as a desperate kind of insurance policy. You will learn how the royals were not the only powerful enemies she made as her ground-breaking campaigns against AIDS and landmines drew admiration from the public but also enmity from powerful establishment figures including international arms dealers, the British and American governments and the MI6 and the CIA. And in a dramatic return to the Parisian streets where she met her fate, the two questions that have plagued investigators for over twenty years will finally be answered: Why was Diana being driven in a car previously written off as a death trap? And who was really behind the wheel of the mysterious white Fiat at the scene of the crash?

Diana Martyn Gregory, 2007 Was Diana murdered? Was the British Royal family involved? Was she pregnant and engaged to Dodi? Did the paparazzi or a blinding white flash cause the crash? Was driver Henri Paul really drunk or were his blood tests switched? Since Princess Diana died in Paris on 31 August 1997 there have been more questions than answers about the crash that killed her despite lengthy official French and British investigations. This is the authoritative and up-to-date study into the death of Diana, Princess of Wales, which includes unique access to Diana's close friends and bodyguards, French and British detectives who probed the crash and the official French investigation's dossier into the crash.

The Bible Code Princess Diana and Dodi Fayed Pamela Lillian Valemont, 2012-07-26 What happened to Diana and Dodi in the Alma Tunnel on the night of August 31, 1997? Was Diana six weeks pregnant? Was she about to get engaged and married to Dodi? Had Dodi purchased an engagement ring for her? Was he planning to present it to her that night? Was Anderson an SIS operative trained to use his white Fiat Uno to tip the Mercedes car, causing it to career into the 13th pillar in the tunnel? Why was he found deep in a forest, beheaded in his burnt-out, keyless, locked car with a bullet wound in his head? Is Tomlinson, ex-SIS agent, absolutely right when he says the Mercedes car accident was a classically planned SIS method of execution, one he knew was being planned to assassinate a former Serbian leader? What was the bright light witnesses saw in the tunnel that night? Was it a strobe light used to blind the driver? What was the loud bang they heard before the crash? Did Diana tell a medic that she wished to be buried with Dodi as she lay dying? Was Diana a half-sister to Jemima Khan?

Princess Diana Jon King, John Beveridge, 2002 Was Princess Diana murdered? Or was she just the victim of a tragic traffic accident? If she was murdered, who did it? Who ordered the assassination and what were the motives behind it? Were the same powers behind England's recent Butler Scandal? Based on information received from a veteran CIA contract agent one week prior to the crash in Paris, plus further evidence obtained from other highly placed British Intelligence sources, this investigative work presents an uncompromising inquiry into Diana's death. Included are exclusive new interviews
