literature and culture It is mainly about electric signs but also deals with non electric signs and related phenomena such as movie sets The sign is considered in both the architectural and semiotic senses of the word It is argued that the drama and spectacle of the electric sign called attention to the semiotic implications of the sign In fiction poetry and commentary the electric sign became a sign of manifold meanings that this book explores a sign of the city a sign of America a sign of the twentieth century a sign of modernism a sign of postmodernism a sign of noir a sign of naturalism a sign of the beats a sign of signs systems the Bible to Broadway a sign of tropes the Great White way to the neon jungle a sign of the writers themselves a sign of the sign itself If Moby Dick is the great American novel then it is also the great American novel about signs as the prologue maintains The chapters that follow demonstrate that the sign is indeed a sign of American literature After the electric sign was invented it influenced Stephen Crane to become a nightlight impressionist and Theodore Dreiser to make the fire sign his metaphor for the city An actual Broadway sign might have inspired F Scott Fitzgerald's *The Great Gatsby* In *Manhattan Transfer* and *U S A* John Dos Passos portrayed America as just a spectacular sign William Faulkner's electric signs are full of sound and fury signifying modernity *The Last Tycoon* was a sign of Fitzgerald's decline The signs of

noir can be traced to Poe's *The Man of the Crowd*. Absence flickers in the neons of Raymond Chandler's Los Angeles. The death of God haunts the neon wilderness of Nelson Algren. Hitler's empire was an unintentional parody of Nathanael West's California. The beats reinvented Times Square in their own image. Explore the miracles of Jesus in *Signs and Wonders* with Amy Jill Levine, Professor of New Testament studies and Bible study author. In *Signs and Wonders: A Beginner's Guide to the Miracles of Jesus*, Amy Jill Levine explores selected miracles of Jesus in historical and theological context. For each miracle, she discusses not only how past witnesses would have understood the events but also how today's readers can draw meaning from Jesus's words and actions. Chapter topics include: Giving sight to the blind, Metaphors of understanding, Mark 8, John 9, Take up your pallet and walk, the paralyzed man, On the role of caregivers, A bleeding woman, and a dead girl, The importance of women's bodies, Walking on water and stilling the storm, Ecological readings of the Gospels, The feeding of the 5,000 or more, The centrality of bread, The raising of Lazarus, Taking death seriously. Components for the six-week study include a book, comprehensive Leader Guide, and DVD/Video sessions featuring Amy Jill Levine. Praise for *Signs and Wonders*: Amy Jill Levine has the rare and wonderful gift of being able to offer solid exegetical work to readers with or without formal theological training as if she is sitting in your living room sharing a cup of tea. Throughout this book, she calls us to the interpretive work, reminding us that the big question is not *did this happen* but *what does it mean* and ultimately *so what*. How can these old miracle stories speak good news to our lives in this time and place and invite our own healing and transformation along the way? Rev. Dr. Richard Simpson, Canon to the Ordinary, Assistant to the Bishop, Episcopal Diocese of Western Massachusetts. Amy Jill Levine is herself a sign and wonder, a sign that reading the New Testament through Jewish eyes is not just essential but revelatory and a wonder, as she always writes with verve, wisdom, humor, and rich insight. Her latest is hardly an exception: an accessible, fascinating book we welcome eagerly. James Howell, Senior Pastor, Myers Park United Methodist Church, Charlotte, North Carolina. With brilliant insight and trademark wit, Dr. Amy Jill Levine reveals wondrous details of the most prominent miracles in the gospels. We become more than readers of these stories; we discover how to be recipients and participants in the ongoing miraculous work of God. Magrey R. deVega, Senior Pastor of Hyde Park United Methodist Church in Tampa, Florida, and author of *The Bible Year: A Journey through Scripture in 365 Days*. What a rich and accessible resource for anyone who wants to grow their understanding of the Gospels and the claims they make about Jesus. A.J. Levine teaches us how to learn from the miracle stories, marvel at them, worry about them, and respond to them in our own lives. Matthew L. Skinner, Professor of New Testament, Luther Seminary. Making space for the believer and skeptic alike, Levine masterfully connects the miracles of the

God of Israel with the miracles of Jesus From friends who clear the way to a father who pleads for his daughter to sisters who stand resolute Levine invites the reader to cherish the helpers and the healed as much as we cherish the healer Levine s willingness to authentically share portions of her own story reminds the reader of the ways the miraculous breaks into our own lives Rev Dawn Taylor Storm Director of Connectional Ministry Eastern Pennsylvania Conference The United Methodist Church Amy Jill Levine engages the miracles of Jesus with scholarly acumen and signature wit Christians who have been confused by these stories will find new clarity in her comprehensive context including corrective understandings of Judaism Those who have been intimidated by these texts will be encouraged by her candor Those who have been inspired by Jesus miracles will find even deeper dimensions of meaning in the practical pastoral theological and literary levels she opens and the provocative issues raised from food insecurity to gender assumptions Levine presses the essential so what question and challenges us to be changed by these stories and to be amazed The Rev Deborah A Block D Min Pastor Immanuel Presbyterian Church in Milwaukee     Quarterly Journal of Science ,1875     *Quarterly Journal of Science, and Annals of Mining, Metallurgy, Engineering, Industrial Arts, Manufactures, and Technology* ,1875     **Journal of Science** ,1875
