**Dissecting the Holocaust** Germar Rudolf, 2021-08-18 Dissecting marshals the work of more than a dozen researchers to subject the gas chambers the six million the postwar trials and other linchpins of the orthodox Holocaust narrative to careful precise methodical and withering analysis Robert Faurisson Germar Rudolf and Claus Jordan on how testimony was coerced and convictions manufactured G Rudolf on the evidence for Jewish losses during WWII Udo Walendy and John Ball on analysis of photos alleged to depict the crimes or their locations J rgen Graf on myths about the concentration camps Germar Rudolf on how chemical analysis gravely weakens the case for gassing in the Auschwitz gas chambers Carlo Mattogno on the cremation furnaces of Auschwitz Fritz Berg Ingrid Weckert Carlo Mattogno and Arnulf Neumaier on the technical and evidentiary absurdities of gassing claims for German trucks and gas chambers at Majdanek Belzec Sobibor and Treblinka and more Dissecting s handsome design and format lend themselves well to the numerous illustrations charts and diagrams with which these leading revisionists advance the wealth of evidence the book offers against the Holocaust myth 3rd revised and updated edition of 2019

*Why Did Yahweh and His Son Yahshuah Say What They Said?* Dr. Justin G. Prock, 2020-05-07 YAHWEH The LORD God and His Son YAHSHUAH Jesus Christ made statements with regard to Eschatology that have been Spiritualized for over a Millennium which has led to the belief in Universalism the belief that YAHSHUAH died for EVERYONE Well after one studies the original languages of the Hebrew Aramaic and Greek the message of the Kingdom of God was preached to and accepted by a certain House in the Bible The other House rejected this message and YAHSHUAH punished that House by taking the Kingdom away from them and giving It to another nation bringing forth fruit There are only the House of Israel the House of Judah and the House of David mentioned in the Bible All three existed then as they do today However most of today s Babylonian Priesthood Churchianity refuses to accept the secular historical position with regard to the House of Israel and who they are today The people groups which YAHWEH and

YAHSHUAH addressed still exist today However these people are all mixed up and known by different names but they DO exist This book goes back to the origin of these people groups in the Bible and brings them forward to the present using their old names in order to understand Eschatology This brings us to the major question of Is the Bible only about Israel And if so how does it affect our Eschatology today This book answers these hard questions      **Three Perspectives** Steven H. Propp, 2009-12 You re Jewish aren t you This blunt question is the way that college freshman Richard Cohn is introduced to an outspoken fellow student named Dov Epstein who calls himself a Messianic Jew and believes that God has a special purpose for the Jewish people in these Last Days Raised by secular Jewish parents Richard is completely oblivious to his own Jewish background until this ongoing dialogue forces him to confront his own heritage The two young men vigorously argue with each other over the interpretation of the Hebrew Bible particularly its reputed predictions of a Messiah Christian doctrines such as the Trinity and most significantly about the identity and significance of Jesus of Nazareth The rigorous process of self examination this initiates leads Richard to embrace his Jewish identity even as he vehemently denies the same for Dov The two ultimately become fast friends but as they progress from an academic environment to the professional world they are challenged by racist statements made by prominent national figures anti Semitic doctrines such as Christian Identity which teaches that white Anglo Saxons are the true Israel and also purported scholars who deny the reality of the Holocaust itself Circumstances in life connect them with a young Iranian migr named Jahangir Khatami whose Muslim beliefs conflict strongly with their own Yet when a violent incident brings the three of them together they are forced to reexamine not just their differences but their similarities While they clash over the ideals of Zionism and its ramifications in the modern State of Israel they are united in their horror over the terrorist attacks of September 11 2001 Join a diverse cast of characters some of whom appeared in the author s earlier book *Beyond Heaven and Earth* in a probing exploration that may help you reconsider just what it means to be Jewish Christian or Muslim in the modern world      **The Barnes Review** ,2006      *The Journal of Historical Review* ,2002      **The Archive Effect** Jaimie Baron, 2013-12-13 *The Archive Effect* Found Footage and the Audiovisual Experience of History examines the problems of representation inherent in the appropriation of archival film and video footage for historical purposes Baron analyses the way in which the meanings of archival documents are modified when they are placed in new texts and contexts constructing the viewer s experience of and relationship to the past they portray Rethinking the notion of the archival document in terms of its reception and the spectatorial experiences it generates she explores the archive effect as it is produced across the genres of documentary mockumentary experimental and fiction films This engaging work discusses how for better or for worse the archive effect is mobilized to create new histories alternative histories and misreadings of history The book covers a multitude of contemporary cultural artefacts including fiction films like *Zelig* *Forrest Gump* and JFK mockumentaries such as *The Blair Witch Project* and *Forgotten Silver* documentaries like *Standard Operating Procedure* and *Grizzly Man* and videogames like *Call of Duty World at War* In

addition she examines the works of many experimental filmmakers including those of Peter Forgacs Adele Horne Bill Morrison Cheryl Dunye and Natalie Bookchin *Bulletin of Bibliography*, 2002 □□□□, 2010 **La rivolta della ragione** Gianantonio Valli, 2010 *Spearhead*, 2004 **Holocaust-Revisionismus** Raphael Ben Nescher, 2010 Negare la storia? Carlo Mattogno, 2006 *Treblinka* Carlo Mattogno, Jürgen Graf, 2002 German language edition of *Treblinka* Holocaust historians alleged that at Treblinka in East Poland between 700 000 and 3 000 000 persons were murdered in 1942 and 1943 The weapons used were alleged to have been stationary and or mobile gas chambers poison gases of both fast acting and slow acting varieties unslaked lime superheated steam electricity diesel exhaust fumes etc Holocaust historians alleged that bodies were piled as high as multistoried buildings and burned without a trace using little or no fuel Graf and Mattogno have now analyzed the origins logic and technical feasibility of the official version of Treblinka On the basis of numerous documents they reveal Treblinka's true identity it was a transit camp Even longtime Revisionism buffs will find a lot that is new in this book while Graf's animated style guarantees a pleasant reading experience The original testimony of witnesses enlivens the reader as does the skill with which the authors expose the absurdities of Holocaust historiography Holocaust Anna Ziębińska-Witek, 2005 Presents views of historians on various ways of representing the Holocaust in historiography and in the arts and on the difficulties of representation due to the inadequacy of language to describe the realities of the Holocaust Discusses the use of metaphor and its cognitive function Focuses on Polish writers noting that it is still unusual for them to use metaphor many Polish historians consider metaphor an ineffective and dangerous tool for representing the Holocaust and prefer a restricted narration containing only the objective truth Discusses films on the Holocaust analyzing Schindler's List and Life Is Beautiful as well as some Polish films States that in Holocaust studies there are two types of representation realistic and anti realistic Presents Michael Rothberg's view of the Holocaust as an event which can be known and understood and views of others who feel that the Holocaust being exceptional in history cannot be understood *Books In Print 2004-2005* Ed Bowker Staff, Staff Bowker, Ed, 2004 Denying the Holocaust Deborah E. Lipstadt, 1994-07-01 A timely analysis of the antisemitism and prejudice that fuels Holocaust deniers written by the inspirational author behind the major motion picture Denial starring Rachel Weisz The denial of the Holocaust has no more credibility than the assertion that the earth is flat Yet there are those who insist that the death of six million Jews in Nazi concentration camps is nothing but a hoax perpetrated by a powerful Zionist conspiracy Such notions used to be the province of pseudohistorians who argued that Hitler never meant to kill the Jews and that only a few hundred thousand died in the camps from disease they also argued that the Allied bombings of Dresden and other cities were worse than any Nazi offense and that the Germans were the true victims of World War II For years those who made such claims were dismissed as harmless cranks operating on the lunatic fringe But now in the first full scale history of Holocaust denial Deborah Lipstadt shows how despite living witnesses and vast amounts of documentary evidence this irrational idea not only has continued to gain adherents but has become an

international movement with organized chapters independent research centers and official publications that promote a revisionist view of recent history Lipstadt shows how Holocaust denial thrives in the current atmosphere of value relativism and argues that this chilling attack on the factual record not only threatens Jews but undermines the very tenets of objective scholarship that support our faith in historical knowledge

**Denying the Holocaust** Deborah E. Lipstadt, 1994 In this first full scale history of Holocaust denial Lipstadt shows how despite tens of thousands of living witnesses and vast amounts of documentary evidence this irrational idea has not only continued to gain adherents but has become an internationally organized movement

*The Holocaust* Jeremy Black, 2024-06-04 In *The Holocaust History and Memory New Edition* Jeremy Black revisits his brilliant and wrenching account of the brutal mass slaughter of Jews during World War II and the subsequent remembrance and misremembering of this genocide Black challenges the prevailing view that separates the Holocaust from Germany's military objectives with compelling evidence that Germany's war on the Allies was deeply intertwined with Hitler's war on Jews As Hitler expanded his control over more territories the extermination of Jews became a significant war aim particularly in the east Long before the establishment of extermination camps the German army and collaborators carried out mass shootings resulting in the deaths of many and the extermination of entire Jewish communities Notably Rommel's attack on Egypt was a crucial step toward the larger goal of annihilating 400 000 Jews living in Palestine Additionally Hitler interpreted America's initial focus on war with Germany rather than Japan as evidence of influential Jewish interests in American policy which further justified and escalated his war against Jewry through the Final Solution In chilling detail Black also unveils compelling evidence that many ordinary Germans must have been aware of the genocide happening around them *The Holocaust History and Memory New Edition* is an essential concise and highly readable history Now extensively revised and updated it continues to offer a powerful testimony to those forever silenced by the Holocaust ensuring that their horrifying fate will never be forgotten
