The Companion to Martin Chuzzlewit Nancy Metz,2001-11-30 The notes revise and expand the conventional wisdom

regarding the sources for the American chapters demonstrating that Dickens drew on a much wider field of writings about America than has been traditionally acknowledged A more complete context provides insight into Dickens s composing process allows us to read more accurately the ideological ground on which he constructed his view of America and sheds light on the plot anomalies surrounding young Martin s emigration The notes show how in fictionalising his own firsthand experiences Dickens simultaneously engaged in a quite specific process of revising other travel accounts Dickens the rhetorician emerges as his characters engage the claims and counterclaims of other travel writers in order to make the best case for the novelist s increasingly negative and cynical view of America
