Excerpt from *A Dictionary of Christian Biography and Literature to the End of the Sixth Century A D With an Account of the Principal Sects and Heresies* But the limitation of such a work to this period at once disembarassed our pages of the mass of Teutonic and sometimes almost pagan names with which after the settlement of the barbarians in Europe we were over whelmed and thus of itself rendered it possible to bring the work into much narrower compass Moreover a mass of insignificant names which the principles of scholarly completeness obliged us to introduce into the larger Dictionary were not needed for the wider circle now in contemplation They were useful and necessary for purposes of learned reference but they cast no light on the course and meaning of Church history for ordinary readers We have had to exercise a discretion which may sometimes seem to have been arbitrary in selecting for instance from the 596 Johns just mentioned those which were the most valuable for such readers as we had in view and for the manner in which we have exercised that discretion we must trust ourselves to the indulgent judgment of our readers The publisher gave us generous limits but it seemed to him and to ourselves indispensable for the general usefulness of the Dictionary that it should be restricted to one volume and we were thus with respect to the minor names obliged to omit many which though of some interest seemed to be such as could be best dispensed with About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *A Dictionary of Christian*
