

DIAMOND SETTING

**The Professional
Approach**

Diamond Setting The Professional Approach

JL Elias

Diamond Setting The Professional Approach:

Diamond Setting: The Professional Approach Robert R Wooding,1983-12-31 This book was written to teach diamond setting It is basic enough to be understood by an apprentice who has very little background in the jewelry industry yet sufficiently in depth to benefit an experienced diamond setter In either case the readers backgrounds were kept in perspective throughout the text There is no intention to discriminate between retail and wholesale establishments In effect the knowledge offered within is presented with enthusiasm and a desire to teach

The Diamond Setting Manual of Procedures & Techniques Robert R Wooding,2002-01-01 This manual was designed as a reference source for common diamond setting procedures The text is divided into seventeen units of instruction based on a series of actual professional case studies Each unit includes discussions and illustrations that describe how to set diamonds into a particular type of mounting They are presented in a step by step sequence of events as recorded during the time of setting Optional techniques are suggested throughout the manual for a variety of circumstances The manual provides steps in setting the following common stone shapes often seen in the industry round oval pear marquise heart triangular square emerald and baguette Additional setting topics include Pin Point Illusion Miracle Channel Bezel Gypsy Jewel Bar Tip Bead and Fishtail settings

Beed Setting Diamonds: With Pave Applications Robert R Wooding,1984-12-31 The book is partitioned into four sequential and interdependent sections Section I goes beyond the scope of describing tools It discusses their purposes uses and maintenance Also heat treating graver shaping and sharpening and different methods to make a beading tool are included Section II clearly describes each phase of the bead setting procedure and the sub components The layout segment is empirically illustrated as the diamond setter s blueprint Also special emphasis is given to preparing a flat graver for bright cutting Section III applies the bead setting procedure to a variety of situations beginning with fundamental bead settings Then it expands to configurations that resemble fancy shapes Section IV defines and illustrates pave setting Various shapes of clusters are presented to explain the procedure By the conclusion of the final segment the reader who has practiced and adhered to the order of segments step by step will have indulged in a thoroughly applied program of pave diamond setting
