Diary Of An Election With Margaret Thatcher On The Campaign Trail:

Diary of an Election Carol Thatcher, 1983 *Thatcher* Graham Goodlad, 2015-12-14 Thatcher provides an accessible and scholarly introduction to the personality and career of Britain's first female political leader and the twentieth century's longest serving Prime Minister. Providing a balanced narrative and assessment of one of the most significant figures of the post-war era, this new biography examines the reasons why Margaret Thatcher has been admired by many as an architect of national revival yet loathed by others as the author of widening social and geographical division. The book begins by examining the making of Margaret Thatcher: her education, the beginning of her political career and her rise through the Conservative Party to her appointment as unexpected leader. Moving on to her tenure as Prime Minister, Graham Goodlad then examines her impact at home and abroad, covering her controversial economic policies and hard line with the trade unions, leadership through the Falklands conflict and during the last decade of the Cold War and influence on Britain's relationship with a more closely integrated Europe. Finally, the biography closes with a review of Thatcher's legacy before and after her death in April 2013 and considers how far she shaped the politics and society of the 1980s and those of our own time. Thatcher is essential reading for all students of twentieth century history and politics.

Diary of an Election Carol Thatcher, 1983 *Dining with Leaders, Rebels, Heroes, and Outlaws* Fiona Ross, 2016-05-05 *Dining with Leaders, Rebels, Heroes and Outlaws* is a marvelously funny journey into the gastronomic peccadilloes of the great, the good and the not so good. Based on the findings of the British gastro detective Fiona Ross, the *Dining with Destiny* series establishes a new genre: the food biography, with scandals, recipes and their stories, allowing you to taste the culinary secret lives of presidents and prime ministers, dictators and revolutionaries, heroes and geniuses and serve them up at your own dinner table. From Winston Churchill to Malcolm X, Golda Meir to Albert Einstein and more, each of these figures took part in landmark historical and cultural events that have shaped and defined our way of life, but they also had to eat. Now it is time to look at their plates to discover what makes them a revolutionary, a hero, a rogue. *Dining with Leaders, Rebels, Heroes and Outlaws* lets you taste what's on Darwin's fork.

Age of Promises David Thackeray, Richard Toye, 2021 *Age of Promises* explores the issue of electoral promises in twentieth century Britain: how they were made, how they were understood and how they evolved across time through a study of general election manifestos and election addresses. The authors argue that a history of the act of making promises, which is central to the political process but which has not been sufficiently analysed, illuminates the development of political communication and democratic representation. The twentieth century saw a broad shift away from politics viewed as a discursive process whereby at elections it was enough to set out broad principles with detailed policymaking to follow once in office, following reflection and discussion. Over the first part of the century, parties increasingly felt required to compile lists of specific policies to offer to voters, which they were then considered to have an obligation to carry out, come what may. From 1945 onwards, moreover, there was even more focus on detailed, costed pledges. We live in an

age of growing uncertainty over the authority and status of political promises In the wake of the 2016 EU referendum controversy erupted over parliamentary sovereignty Should the will of the people as manifested in the referendum result be supreme or did MPs owe a primary responsibility to their constituents and or to the party manifestos on which they had been elected Age of Promises demonstrates that these debates build on a long history of differing understandings about what status of manifestos and addresses should have in shaping the actions of government Government Communications and the Crisis of Trust Ruth Garland, 2021-10-12 This book opens up the black box of government communication during the age of political spin using archival and official documents memoirs and biographies and in depth interviews with media political and government witnesses It argues that substantive and troubling long term changes in the ways governments manage the media and publicly account for themselves undermine the public consent essential to democracy Much of the blame for this crisis in public communication has been placed at the feet of politicians and their aides but they are just part of the picture A pervasive culture of mediatization has developed within governments leading to intended and unintended consequences that challenge the capacity of central public bureaucracies to implement public values and maintain impartiality It concludes that public servants elected officials and citizens have an important role to play in accounting for governments custodianship of this most politically sensitive of public goods the public communications function **Margaret Thatcher** Bruce Arnold, 1984 Studie over de Engelse eerste minister **Margaret Thatcher** John Campbell, 2009 In this abridged edition of John Campbell's two standalone volumes on Margaret Thatcher we trace the life of Britain's only female Prime Minister from her upbringing in Grantham to her unexpected challenge to Edward Heath for leadership of the Conservative party and her eventual removal from power This is an extraordinary account of an extraordinary woman John Campbell portrays an ambitious and determined woman who may have begun her career in office almost timidly but who became increasingly remote and arrogant after the Falklands eventually losing the trust of her colleagues Margaret Thatcher Juliet S Thompson, Wayne C Thompson, 1994-06-20 A collection of essays combining wide ranging scholarly analyses with an extensive selection of the major speeches by Britain's longest sitting prime minister Topics include Thatcher's leadership style the stages of her political career her personal background her ideology and her foreign and defense policies and her role in the Cold War Provides a detailed description of why Thatcher lost the support of her Tory colleagues in November 1990 Amazon.com A Bibliography of British History, 1914-1989 Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index *The British Prime Minister* Anthony King, 1985 Die Kaapse bibliotekaris, 1984 Issues for Nov 1957 include section Accessions Aanwinste Sept 1957 also published separately **A London Bibliography of the Social Sciences**, 1985 Vols 1 4 include material to June 1 1929 **Women**
