## Diary In The Strict Sense Of The Term:

*A Diary in the Strict Sense of the Term* Bronislaw Malinowski, 1989 When it was first published in 1967 posthumously Bronislaw Malinowski's diary covering the period of his fieldwork in 1914 1915 and 1917 1918 in New Guinea and the Trobriand Islands set off a storm of controversy Many anthropologists felt that the publication of the diary which Raymond Firth describes as this revealing egocentric obsessional document was a profound disservice to the memory of one of the giant figures in the history of anthropology Almost certainly never intended to be published Malinowski's diary was intensely personal and brutally honest He kept it he said as a means of self analysis Reviews ranged from it is to the discredit of all concerned that the diary has now been committed to print to fascinating reading Twenty years have passed and Raymond Firth suggests that the book has moved over to a more central place in the literature of anthropological reflection In 1967 Clifford Geertz felt that the gross tiresome diary revealed Malinowski as a crabbed self preoccupied hypochondriacal narcissist whose fellow feeling for the people he lived with was limited in the extreme But in 1988 Geertz referred to the diary as a backstage masterpiece of anthropology our *The Double Helix* Similarly in 1987 James Clifford called it a crucial document for the history of anthropology Culture Theory Richard A. Shweder, Robert Alan LeVine, Social Science Research Council (U.S.). Committee on Social and Affective Development During Childhood, 1984-12-28 This book examines the role of symbols and meaning in the development of mind self and emotion in culture A Diary in the Strict Sense of the Term Bronislaw Kaspar Malinowski, 1989 **One Hundred Years of Argonauts** Chris Hann, Deborah James, 2024-06-01 Malinowski's *Argonauts of the Western Pacific* was a major contribution to anthropological theory and method while simultaneously establishing the sub field of economic anthropology Even a century after its publication Malinowski's pioneering work remains critical for anthropology in a postcolonial age This volume uses ethnographic studies from around the world to contextualize the work politically and intellectually examining its gestation and influence from multiple perspectives It critically explores the meaning of economy for Malinowski from his formation in the Austro Hungarian Empire to his path breaking fieldwork in Melanesia and ensuing career in London **Culture, 1922** Marc Manganaro, 2009-01-10 *Culture 1922* traces the intellectual and institutional deployment of the culture concept in England and America in the first half of the twentieth century With primary attention to how models of culture are created elaborated upon transformed resisted and ignored Marc Manganaro works across disciplinary lines to embrace literary literary critical and anthropological writing Tracing two traditions of thinking about culture as elite products and pursuits and as common and shared systems of values Manganaro argues that these modernist formulations are not mutually exclusive and have indeed intermingled in complex and interesting ways throughout the development of literary studies and anthropology Beginning with the important Victorian architects of culture Matthew Arnold and Edward Tylor the book follows a number of main figures schools and movements up to 1950 such as anthropologist Franz Boas his disciples Edward Sapir Ruth Benedict and Zora Neale Hurston

literary modernists T S Eliot and James Joyce functional anthropologist Bronislaw Malinowski modernist literary critic I A Richards the New Critics and Kenneth Burke The main focus here however is upon three works published in 1922 the watershed year of Modernism Eliot's *The Waste Land* Malinowski's *Argonauts of the Western Pacific* and Joyce's *Ulysses* Manganaro reads these masterworks and the history of their reception as efforts toward defining culture This is a wide ranging and ambitious study about an ambiguous and complex concept as it moves within and between disciplines

**Documents of Life Revisited** Liz Stanley, 2016-05-13 The cultural and narrative turn has had a considerable impact upon research in the social sciences as well as in the arts and humanities with Ken Plummer's *Documents of Life* constituting a central text in the turn towards to narrative biographical and qualitative methodologies challenging and changing the nature of research in sociology and further afield Bringing together the latest research on auto biographical and narrative methods *Documents of Life Revisited* offers a sympathetic yet critical engagement with Plummer's work exploring a range of different kinds of life documents and delineating a critical humanist methodology for researching and writing about these A rich examination of the methods and methodologies associated with contemporary research in the social sciences and humanities this book will be of interest to those concerned with the use and importance of biographical and narrative sources and documents of life investigations As such it will appeal to sociologists social anthropologists and geographers as well as scholars of cultural studies and cultural history literary studies and library archive and cultural management social policy and medical studies

Love, Loyalty and Deceit Hugh Firth, Loulou Brown, 2023-09-15 How much do we really know about our parents lives What secrets lie in plain sight This is the true story of hidden love within a small circle of some of the most acclaimed anthropologists of the 20th century Told by Rosemary and Raymond Firth's son and the daughter of Celia and Edmund Leach the man Rosemary loved all her life this part love story part biography part social history is the tale of a highly influential circle of social anthropologists in Britain from the 1930s through the Second World War to the end of the century The book explores their early influences their insecurities their flaws struggles and achievements It is a story of passion and commitment but also of deceit and betrayal including the inexplicable disappearance death and alleged murder of a very close friend It also narrates Rosemary's struggles for emotional and intellectual independence in the face of societal expectations of women and her own guilt loss and self doubt From the Prologue Rosemary loved many people in many different ways but she loved two men in particular throughout most of her life One was her husband Raymond Firth regarded by some as among the founding fathers of social anthropology Yet she also retained a passionate devotion to her first love Edmund Leach who would subsequently become the public intellectual face of social anthropology in the later 1960s Both separately and together they were part of the process of defining the nature of this still growing discipline in the first part of the mid twentieth century

Works and Lives Clifford Geertz, 1988 The illusion that ethnography is a matter of sorting strange and irregular facts into familiar and orderly categories this is magic that is technology has long since been exploded

What it is instead however is less clear That it might be a kind of writing putting things to paper has now and then occurred to those engaged in producing it consuming it or both But the examination of it as such has been impeded by several considerations none of them very reasonable One of these especially weighty among the producers has been simply that it is an unanthropological sort of thing to do What a proper ethnographer ought properly to be doing is going out to places coming back with information about how people live there and making that information available to the professional community in practical form not lounging about in libraries reflecting on literary questions Excessive concern which in practice usually means any concern at all with how ethnographic texts are constructed seems like an unhealthy self absorption time wasting at best hypochondriacal at worst The advantage of shifting at least part of our attention from the fascinations of field work which have held us so long in thrall to those of writing is not only that this difficulty will become more clearly understood but also that we shall learn to read with a more percipient eye A hundred and fifteen years if we date our profession as conventionally from Tylor of asseverational prose and literary innocence is long enough **A Diary in the Strict Sense Of the Term** Bronislaw Malinowski,1967 Migrations Rod Edmond,2013 Traces the journeys of his Scottish forebears as they separately made their way to New Zealand The migration story begins with Charles Murray leaving Aberdeenshire in 1884 to become a missionary on the island of Ambrym On the other side of Scotland Catherine McLeod and her family had already abandoned their small coastal croft and sailed for Tasmania Back cover A Nature Study Guide William S.
