Diary Of A Loner:

Diary of a Loner Francisco Juarez, 2004-10 WHO DESIRES US ILL although set against a backdrop of medical practice is above all a human drama A modern day tragedy taking place in and around New Orleans it chronicles the spiral of descent into which an idealistic young physician perceives himself to plunge as a result of circumstances and forces beyond his control It is the story of his attempts at recovery efforts which become increasingly futile as his own reactions to events cause him to slip into a sense of desperation in which he is alienated even from the reach of those who love him This is also the story of a good man who slowly comes to believe that he is being led and manipulated by ancient forces which he does not understand He comes to recognize their impact as he sees any hope of their control slip from his grasp Finally WHO DESIRES US ILL is the tale of how one man clings to a fragile and veiled glimpse of hope as an emotional lifeline is tossed his way time and again by a helper whom he long believes to be a creation of his imagination Only in the startling and disturbing conclusion does he decide though perhaps too late that she actually exists Readers can draw their own conclusions about the existence of his guardian They can also draw their own conclusions about whether this story is a tale of tragedy or one of hope

Adam Smith and The Bible alongside reproductions of Isaacs work In Advance of the Institution constructs an intriguing and engaging lateral narrative that underlies the difference and similarities between ideas objects and the actions of individuals in relation to social constructs Although John Isaacs is generally regarded as a sculptor his praxis incorporates a range of different mediums from found object constructions to video and photographs This range emphasizes his world view that buried under the surface of our apparent isolation from one another lies a universal connection from the physical functioning of the bodies we inhabit to the dreams successes and failures of the individual and society In that sense In Advance of the Institution entirely encapsulates and reflects Isaacs practice and with 188 pages of text and full colour reproductions this publication stands out as an exceptionally interesting piece of art in its own right Hardback with French fold dust jacket and book ribbon
