Diary Of Good Neighbor:

Secret Affairs Irwin Gellman, 2019-12-01 Originally published in 1995 President Franklin Delano Roosevelt was paralyzed from the waist down but he concealed the extent of his disability from a public that was never permitted to see him in a wheelchair FDR's Secretary of State was old and frail debilitated by a highly contagious and usually fatal disease that was as closely guarded a state secret as his wife's Jewish ancestry The undersecretary was a pompous and aloof man who married three times but when intoxicated preferred sex with railroad porters shoeshine boys and cabdrivers These three legendary figures Franklin Roosevelt Cordell Hull and Sumner Welles not only concealed such secrets for more than a decade but did so while directing United States foreign policy during some of the most perilous events in the nation's history Irwin Gellman brings to light startling new information about the intrigues deceptions and behind the scenes power struggles that influenced America's role in World War II and left their mark on world events for good or ill in the half century that followed Gellman had unprecedented access to previously unavailable documents including Hull's confidential medical records unpublished manuscripts of Drew Pearson and R Walton Moore and Sumner Welles's FBI file Gellman concludes that while Roosevelt Hull and Welles usually agreed on foreign policy matters the events that molded each man's character remained a mystery to the others Their failure to cope with their secret affairs to subordinate their personal concerns to the higher good of the nation eventually destroyed much of what they hoped would be their legacy Roosevelt never explained his objectives to his vice president Harry Truman or to anyone else Hull never groomed a successor and Welles kept his foreign assignments as classified as his sexual orientation Gellman tells the dramatic story of how three Americans despite private demons and bitter animosities could work together to lead their nation to victory against fascism William T Walker Presidential Studies Quarterly

Writers and Age Esther Harriott, 2015-01-14 Since 1900 the average life expectancy in the developed world has almost doubled from 45 to 80 We are almost a new species declared the English writer V S Pritchett while pointing out that this means most of us have to face the prospect of a long old age before we die Pritchett is one of five great writers along with Stanley Kunitz Doris Lessing Mavis Gallant and Russell Baker whose novels short stories poems and essays about old age written in old age are examined in this book Born between 1900 Pritchett and 1925 Baker these writers are members of the first generation of the 20th century and of the first generation of writers able to write about old age from experience In their later works we read about growing old as reported by the old not as imagined by the young and middle aged They wrote about old age not as a discrete stage of life but as a continuation another context in which to pursue the themes of their earlier poems novels stories and essays And those who had written about love a central theme of fiction and poetry now wrote about love in old age
