Adventurers David Howarth,2023-03-28 The unlikely beginnings of the East India Company from Tudor origins and rivalry with the superior Dutch to laying the groundwork for future British expansion The East India Company was the largest commercial enterprise in British history yet its roots in Tudor England are often overlooked The Tudor revolution in commerce led ambitious merchants to search for new forms of investment not least in risky overseas enterprises and for these adventurers the most profitable bet of all would be on the Company Through a host of stories and fascinating details David Howarth brings to life the Company s way of doing business from the leaky ships and petty seafarers of its embattled early days to later sweeping commercial success While the Company s efforts met with disappointment in Japan they sowed the seeds of success in India setting the outline for what would later become the Raj Drawing on an abundance of sources Howarth shows how competition from European powers was vital to success and considers whether the Company was truly English at all or rather part of a Europe wide movement **Richard Cocks's Diary, 1617-1622** Richard Cocks,2018

accounts by both contemporary and more recent critics As a further innovation excerpts from the reports of Russian visitors to Japan including Adam Laxman and V M Golvnin are quoted for the first time alongside those of West European and American accounts The volume is supported by a significant Glossary and Bibliography as well as Subject and Name Place Indexes **The Encyclopaedia Britannica** James Louis Garvin, Franklin Henry Hooper, Warren E.
