Dictations For Discussion:

Dictations for Discussion Catherine Sadow, 2011 *Dictations for Discussion* is an intermediate to advanced level text intended to improve the listening and speaking skills of ESL students. Reading and writing are also reinforced along with progress in vocabulary and grammar. This text provides a wide variety of dictations from authentic materials that include provocative news items, problems to solve, and decisions to make. The units are designed to stand alone so that teachers can pick and choose which dictations meet the needs, interests, and levels of their students. Each unit begins with a short introduction that provides a background and context for the dictation. The central focus of the unit is a dictation activity followed by a discussion section. The discussions can take place in pairs or small groups. The unit ends with a follow-up activity which is intended to explore the topic further through writing, research, and speaking activities. This text includes several cooperative learning activities. The strategy in this book is similar to *Basic Dictations* also by De Filippo and Sadow, although this book is for more advanced students. It also has five types of dictations rather than the four found in the *Basic Dictations* book. The five types of dictations are Partial Cloze Dictations, Pair Dictations, Dictogloss Dictations, Prediction Dictations, and Note Taking Dictations. An optional audio program is available for download. Visit ProLinguaLearning.com for details.

Dictations For Discussion Judy DeFilippo, 2004-12-13 A collection of biographical sketches on Nobel Prize winners written for the intermediate ESL level and middle school, high school, and adult education students working on basic listening, reading, and vocabulary skills.

Dictations for Discussion Judy DeFilippo, 2006 *Basic Dictations* Catherine Sadow, 2013-02 *Basic Dictations* features 58 photocopiable lessons specifically designed for beginning level students. These interactive activities not only teach the language but also help introduce students to new countries and cultures. Four kinds of dictations are included: partial, pair, prediction, and dictogloss, plus 18 additional listening activities. An optional downloadable audio program is available for *Basic Dictations*. Visit ProLinguaLearning.com for more details.

Interactive Dictations Judy DeFilippo, Catherine Sadow, 2014 *Interactive Dictations* is a low intermediate to intermediate level text that is intended to improve the listening, speaking, and writing skills of ESL students. Each dictation is preceded by an introduction and vocabulary/pronunciation work and is followed by discussion topics. Pair and small group work is encouraged. Following the discussions, there are an optional writing topic and a variety of other activities including idiom, vocabulary work, role plays, and many cooperative learning activities. Reading skills are also reinforced along with attention to vocabulary and grammar. This text provides a wide variety of dictations that include provocative news items, problems to solve, and decisions to make. There are four different types of dictation: Partial Cloze, Students listen and fill in the blanks in the activity, Pair, Students work in pairs with different gaps in their passages, Dictogloss, Students hear a sentence once and have to write the gist of that sentence, Prediction, Students predict what should be in the sentence blank and then check to see if their prediction was correct. An optional audio program is available for download. Visit ProLinguaLearning.com
