Dictionary Of First Names

**Linda Rosenkrantz, Pamela Redmond
Satran**

Dictionary Of First Names:

A Dictionary of First Names Patrick Hanks, A Dictionary of First Names, 1994 **Dictionary of First Names** P. Hanks, Flavia Hodges, 2005-02-01 Do you love or hate your name Do you know what it really means How do you choose the right name for someone We all have a first name but how many of us really know its origin and history This comprehensive dictionary provides a fascinating collection of linguistic historical and associated information about some 7 000 names making it the ideal reference for linguists and family historians as well as an important source of information for parents choosing a name for a child It is the ultimate first name handbook a delightfully informative comprehensive survey of European and American names New to this edition are two appendices which give the dictionary an international appeal Common Names in the Arab World and Common Names of the Indian Subcontinent These appendices should be especially helpful to linguists and historians interested in these parts of the world Typical entries provide the linguistic and ethnic root of a name Jennifer for instance is a Cornish form of Guinevere Most entries also include the non English form or cognate of a name No other handbook comes close to the wealth of information found here **Tuttle Dictionary of First Names** Julia Cresswell, 1992 From Adam and Eve to Ashley and Zachary over 1 500 names and details of the meanings and origins of the names **The Comprehensive Dictionary of English & Hebrew First Names** Alfred J. Kolatch, 2005-01-01 Modern English and Hebrew names with an analysis of their meanings and origins **The Last Word on First Names** Linda Rosenkrantz, Pamela Redmond Satran, 1997-06-15 The authors of Beyond Jennifer Jason the bestseller that revolutionized baby naming offer the last word on the perfect first name Hope is hot Hortense is not at last here s what parents really need to know before naming a baby For years you knew what to expect from a baby name book a long dull list of names with their dictionary definitions All that changed with Beyond Jennifer Jason the groundbreaking book on styles and trends in baby names that has been called the best baby naming book ever written The News Journal Now Rosenkrantz and Satran return with an all new baby name guide that is destined to become a classic Like other books it s packed with entries on girls and boys names from A to Z but no one else gives you the inside story on names why the world has all the Ashleys it needs why everyone loves Emily and why you should or should not call your son Ishmael Drawing on sources as diverse as ancient myths current TV series the Bible and world literature The Last Word on First Names is a readable witty and illuminating guide to the real world meaning of Miranda Max and thousands of other names from Abigail to Zelig No one should name a baby without this book **The Penguin Dictionary of First Names** David Pickering, 2004 This is a guide to the history and meaning of names This reference is not just a list of different names but takes the reader back to the historical roots of each name with their cultural religious and artistic heritage helpfully explained A Concise Dictionary of First Names Patrick Hanks, Flavia Hodges, 1992 Here is the ultimate first name handbook a delightfully informative comprehensive survey of over 4 500 European and American names with two appendices covering the most common Arabic and Indian names This

dictionary is an authoritative reference. Indeed, no other handbook provides a fraction of the information found here. Typical entries provide the linguistic and ethnic root of a name. Jennifer, for instance, is a Cornish form of Guinevere, which in turn is the French version of a Welsh name combining gwen (white, fair, smooth) and hwyfar (smooth, soft). The real charm and value of this reference lies in the wealth of fascinating additional information the authors provide. Under the entry for Audrey, for example, we learn of the sixth-century saint of that name who died from a neck tumor, divine punishment for her youthful delight in fine necklaces from whom the word tawdry derives (it referred originally to the cheap jewelry sold at fairs in her honor). St. Audrey eventually being compressed into tawdry. And readers will be interested to know that Bonnie is not a Scottish name but one first used in Margaret Mitchell's *Gone With the Wind*. Most entries also include the non-English form or cognate of a name as well as diminutives and pet forms.

A companion to the authors' *A Dictionary of Surnames*, this informative reference offers a goldmine of curious facts to delight browsers of every age as well as a wealth of inspiration for prospective parents.

Hispanic First Names, 1984-08-13. Contains entries that provide information about first names selected from the Mexican American culture but meaningful to the Spanish-speaking of North America, arranged alphabetically by Spanish name, with transliterations, gender indicators, English equivalents, descriptions, diminutives, and variants.

The Baby Name Countdown, Janet Schwegel, 2009-03-25. A classic, the baby name countdown over 120,000 copies sold is now fully revised and updated for the first time in a decade. Featuring more names than any other guide and based on more than 2.5 million birth records, the book includes brand-new data, a new introduction, a revised section on the most popular baby names of the past year and decade, and updated popularity ratings throughout. Discover at a glance the most popular given names from each decade of the 20th and 21st centuries, meanings and origins of the 3,000 top names, and thousands of rare and exotic monikers. Whether your taste in names is trendy, traditional, or international, *The Baby Name Countdown* is the ideal resource for every parent searching for the perfect name.

The Jonathan David Dictionary of First Names, Alfred J. Kolatch, 1980. The Dictionary of First Names, the culmination of thirty-five years of research in the field of nomenclature, is an invaluable guide for parents, students of language, and scholars.

Guide to Reference in Genealogy and Biography, Mary K. Mannix, Fred Burchsted, Jo Bell Whitlatch, 2015. An excellent starting point for both reference librarians and for library users seeking information about family history and the lives of others, this resource is drawn from the authoritative database of *Guide to Reference*, voted Best Professional Resource Database by Library Journal readers in 2012. Biographical resources have long been of interest to researchers and general readers, and this title directs readers to the best biographical sources for all regions of the world. For interest in the lives of those not found in biographical resources, this title also serves as a guide to the most useful genealogical resources. Profiling more than 1,400 print and electronic sources, this book helps connect librarians and researchers to the most relevant sources of information in genealogy and biography.

The Oxford Handbook of Lexicography, Philip Durkin, 2016. This volume provides concise

authoritative accounts of the approaches and methodologies of modern lexicography and of the aims and qualities of its end products. Leading scholars and professional lexicographers from all over the world and representing all the main traditions and perspectives assess the state of the art in every aspect of research and practice. The book is divided into four parts reflecting the main types of lexicography. Part I looks at synchronic dictionaries: those for the general public, monolingual dictionaries for second language learners and bilingual dictionaries. Part II and III are devoted to the distinctive methodologies and concerns of the historical dictionaries and specialist dictionaries respectively, while chapters in Part IV examine specific topics such as description and prescription, the representation of pronunciation and the practicalities of dictionary production. The book ends with a chronology of the major events in the history of lexicography. It will be a valuable resource for students, scholars and practitioners in the field.

The Facts on File Dictionary of First Names Leslie Dunkling, 1984
Dictionary of First Names Julia Cresswell, 1990 Summary: The stories behind over 1 500 names from Aaron to Zuleika
Muggles, Monsters and Magicians Claudia Fenske, 2008 Originally published as the author's dissertation, doctoral Philipps Universität Marburg 2006
Dictionary of First Names Julia Cresswell, 2009 The ultimate guide to 10 000 first names
Dictionary of American Family Names: A-F Patrick Hanks, 2003 Where did your surname come from? Do you know how many people in the United States share it? What does it tell you about your lineage? From the editor of the highly acclaimed *Dictionary of Surnames* comes the most extensive compilation of surnames in America. The result of 10 years of research and 30 consulting editors, this massive undertaking documents 70 000 surnames of Americans across the country. A reference source like no other, it surveys each surname, giving its meaning, nationality, alternate spellings, common forenames associated with it, and the frequency of each surname and forename. The *Dictionary of American Family Names* is a fascinating journey throughout the multicultural United States, offering a detailed look at the meaning and frequency of surnames throughout the country. For students studying family genealogy, others interested in finding out more about their own lineage, or lexicographers, the *Dictionary* is an ideal place to begin research.
The Wordsworth Dictionary of First Names Iseabail Macleod, Terry Freedman, 1995 This volume is a reference source to literature in the English language throughout the world. It provides a survey of the world-wide literary tradition of this area and offers explanations of genres, movements, critical terms and literary concepts.
