Dictionary Of Freemasonry:

General History, Cyclopedia and Dictionary of Freemasonry Robert Macoy, 1870 **A Dictionary of Freemasonry**

Robert Macoy, 2014-12-10 Discover the remarkable history of the most widely known secretive fraternal organization in A Dictionary of Freemasonry This comprehensive and convenient one volume text includes a thorough encyclopedia full dictionary of symbols and over 300 beautiful nineteenth century engravings The 600 year old brotherhood of Freemasons is based on a tradition over 3 000 years old Robert Macoy a member of the order uses the resources of the Fraternity available to him to discern the truth from a myriad of half truths rumors superstitions and interpretations He presents the rise and evolution of Freemasonry and its kindred association both ancient and modern The General History of Freemasonry which begins this volume is a fascinating introduction to a very complicated subject often fraught with vagaries The two A to Z reference works that follow one an encyclopedia with listings of terms people places and events that make up the extensive history of the Freemasons and the other a dictionary of symbols contribute to making this a very complete sourcebook on Freemasonry From Aaron the Abelites and the All Seeing Eye to the Year of Masonry Zenith and the Rite of Zinnendorf this is a remarkably accessible book on a subject that runs through the course of human history Robert Macoy 1815 1895 well known for his role in establishing the Order of the Eastern Star earned the 33 and held many important positions with the Fraternity such as past Deputy Grand Master and Grand Secretary of New York as well as Grand Recorder of the Grand Commandery of New York Founder of one of the largest Masonic publishing regalia and supply houses he published extensively on Freemasonry and authored a number of books including The Book of the Lodge and True Masonic Guide

General History, Cyclopedia and Dictionary of Freemasonry Robert Macoy, 2012-03-23 The present volume is intended to remedy many of the defects and omissions of its predecessors and to exhibit in a form of easy reference the latest developments and progress of the institution and the results of more recent investigations It contains a comprehensive explication of the whole system of Freemasonry and of kindred or similar associations ancient and modern being a careful condensation of all that has ever been written on the subject intelligible to the Fraternity and mysterious to the profane Its purpose will be effectually and satisfactorily answered if the definitions here given of the technical and other terms of Masonry shall prove of sufficient value to induce the reader to increase his stock of knowledge by a reference to other works where the subjects are more thoroughly discussed or to confirm the more advanced Mason in the truth of those noble principles of the Craft to the study of which he has devoted his time and talents In the preparation of the History of the Masonic Institution every available means has been adopted to obtain the most reliable information whereon to found a truthful chronicle of its origin and early progress throughout the several parts of the world The many and almost insurmountable difficulties in arriving at precise dates when the materials are scattered in different places or mixed with doubtful circumstances are sufficient to almost deter any writer from attempting the undertaking Notwithstanding the

uncertainty with which much of the matter of history is surrounded a diligent and careful examination of the materials the probabilities of statements possessing the germs of truth were too convincing to be set aside without calm reflection and mature consideration With these views the history in the accompanying pages is offered to the Fraternity in the hope that it will prove satisfactory and useful

Dictionary Of Freemasonry Introduction

In today's digital age, the availability of Dictionary Of Freemasonry books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Dictionary Of Freemasonry books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Dictionary Of Freemasonry books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Dictionary Of Freemasonry versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Dictionary Of Freemasonry books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Dictionary Of Freemasonry books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Dictionary Of Freemasonry books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a nonprofit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of

certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Dictionary Of Freemasonry books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Dictionary Of Freemasonry books and manuals for download and embark on your journey of knowledge?
