Studies librarians have contributed their many decades of experience to create a resource that gathers major reference titles both print and online that would be useful to today's Asian Studies librarian. Organized by language group, it offers useful information on the many subscription-based and open source electronic tools relevant to Asian Studies. This book will serve as an essential resource for reference collections at academic libraries. Previously published bibliographies on materials deal with China or Japan or Korea but none have coalesced information on all three countries into one work or are written in English. And unlike the other resources available, this work provides the insight needed for librarians to make informed collection management decisions and reference selections.
