Dictionary of Musical Compositions and Composers W. Edmund Quarry, 2012-08-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy *Dictionary of Musical Compositions and Composers* W. Edmund Quarry, 1976 **Dictionary of Musical Compositions and Composers** W. Edmond Quarry, 1920 **Dictionary of Musical Compositions and Composers** W. Edmund Quarry, 2015-06-16 Excerpt from *Dictionary of Musical Compositions and Composers* My original object in compiling this dictionary was to furnish the British and American musical public with a quick and convenient means of reference to any musical composition that can claim some degree of musical value fame or permanent notoriety or to any work that may be of interest to the music student or antiquary So far as I am aware this work is the first of its kind the nearest approach being I believe Clement any imperfections that remain are intentionally left to preserve the state of such historical works **Essential Dictionary of Music** L. C. Harnsberger, 1997 A comprehensive collection of composers theory and definitions this Handy Guide provides a broad range of information from basic principles of theory and biographies of composers to pronunciations of foreign terms and ranges of instruments and voices The concise easy to use volume covers every major aspect of music *Dictionary of Musical Compositions and Composers* W. Edmund Quarry, 2016-04-22 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *The Dictionary of Composers and Their Music* Eric Gilder, June G. Port, 1978 A perfect gift for an admirer of classical music this indispensable volume condenses seven hundred years of classic music history and covers periods from Baroque to Contemporary in an easy to use format **Dictionary of Composers for the Church in Great Britain and Ireland** Robert Evans, Maggie Humphreys, 1997-01-01 A dictionary containing 3500 biographical entries each representing a composer whose work has been used within the worship of the church in Britain and Ireland

Essential Dictionary of Composers L. C. Harnsberger, This Handy Guide functions as an easy to use historical reference book both educational and fun It provides important information on composers spanning from the middle ages to contemporary pop Every entry contains basic facts such as dates and historical periods of music as well as additional items of interest and importance *Elson's Music Dictionary* Louis Charles Elson,1905 [The Facts on File Dictionary of Music](#) Christine Ammer,2004 The Facts On File Dictionary of Music provides in depth explanations and examples of more than 3

The Hutchinson Concise Dictionary of Music Barrie Jones,2014-06-03 The Hutchinson Concise Dictionary of Music in 7 500 entries retains the breadth of coverage clarity and accessibility of the highly acclaimed Hutchinson Encyclopedia of Music from which it is derived Tracing its lineage to the Everyman Dictionary of Music now out of print it boasts a distinguished heritage of the finest musical scholarship This book provides comprehensive coverage of theoretical and technical music terminology embracing the many genres and forms of classical music clearly illustrated with examples It also provides core information on composers and comprehensive lists of works from the earliest exponents of polyphony to present day composers [Historical Dictionary of Music of the Classical Period](#) Bertil van Boer,2012-04-05 When we speak of classical music it often refers rather loosely to serious art music but at the core is really the music of the classical period running from about 1730 to 1800 give or take This was truly one of the most glorious periods for both composition and performance and it is this classical music which is still at the core of today s repertoire Obvious names connected with this period are Haydn Mozart and Beethoven but there were many more still reasonably well known like Gluck and C P E Bach and dozens more who are regrettably little known today This Historical Dictionary of Music of the Classical Period includes not only these composers but also eminent conductors and performers patrons and publishers There are also dictionary entries on major centers of music making typical instruments important technical terms and emerging musical forms including the symphony and opera Indeed with a 1 000 cross referenced entries there is information on most matters of interest This is prefaced by an extensive chronology tracing the course of this period from year to year and an introduction taking a careful look at the period as a whole Finally there is a substantial bibliography Surely this is a book which will appeal not only to students and researchers but all music lovers **The Norton/Grove Dictionary of Women Composers** Julie Anne Sadie,Rhian Samuel,1994 Throughout history women have been composing music but their achievements have usually gone unrecognized *Baker's Dictionary of Music* Nicolas Slonimsky,1997 A dictionary of music history and theory including entries on musical instruments famous compositions musicians and musical terms and includes in depth essays on musical topics **The Dictionary of Composers and Their Music** Eric Gilder,1993 A perfect gift for an admirer of classical music this indispensable volume condenses seven hundred years of classic music history and covers periods from Baroque to Contemporary in an easy to use format **Alfred's Pocket Dictionary of Music** Sandy Feldstein, Contains thousands of entries covering all eras of music It is unique in that it includes contemporary terms and composers from the

popular genre as well as classical terms and composers It is organized in a logical sequence for quick and easy reference

The Grove Concise Dictionary of Music Stanley Sadie, Alison Latham, 1988 High schools that do not need or are unable to afford the 10 volume New Grove Dictionary of Music and Musicians on which this volume is based will find this authoritative and in some cases updated work useful The 10 000 alphabetically arranged entries written by subject specialists cover all areas of music e g composers instrumentalists performers terminology There are 1 000 entries under names of individual works The emphasis is on classical music but some attention is given to rock and popular music Illustrations include pictures of instruments diagrams for the symphony orchestra and music examples

Historical Dictionary of Baroque Music Joseph P. Swain, 2013-06-06 Although it lies far back running roughly from about 1600 to 1750 the Baroque period is far from forgotten and Baroque music is played widely today as well exercising numerous musicians and attracting rather substantial audiences It experienced the emergence of a new sort of music increasingly secular and increasingly good listening if you will and also the start of opera Some of the Baroque composers appear among the most popular of all time such as Bach Handel and Vivaldi So yes this is a book for researchers but it is also a good book for anyone who enjoys this music The Historical Dictionary of Baroque Music certainly fills a significant space in the whole sub series on music since it tells us much more not only about the music but also the age that generated it This is done particularly well in an insightful introduction with the flow of events traced by the chronology The dictionary section fills in the missing details with over 400 entries on the most important composers and musicians some of the musical works themselves important places and institutions and a smattering of technical terms The bibliography directs us to further reading

The Oxford Dictionary of Music Michael Kennedy, Joyce Kennedy, 2013-08-15 Now available in paperback and with over 10 000 entries the Oxford Dictionary of Music previously the Concise Oxford Dictionary of Music offers broad coverage of a wide range of musical categories spanning many eras including composers librettists singers orchestras important ballets and operas and musical instruments and their history The Oxford Dictionary of Music is the most up to date and accessible dictionary of musical terms available and an essential point of reference for music students teachers lecturers professional musicians as well as music enthusiasts
