**The Temporal Dimension in Counselling and Psychotherapy** Sue Wright, 2020-02-21 *The Temporal Dimension in Counselling and Psychotherapy* looks at time as an intangible phenomenon that is culturally created historically framed but only individually understood Examining our relationship to time as well as what it means in terms of our mortality it integrates historical cultural and psychotherapeutic perspectives to shine a light on our experience of time from our current identity to past trauma both in the consulting room and beyond Divided into three parts the book explores those time related issues that emerge in psychotherapy it initially focuses on our existence as individuals in time with chapters discussing how we develop a sense of self as a being in time how our relationship to time is coloured by the world we live in today and our attachment relationships and past traumas In part two the focus narrows to the consulting room itself the practical aspects of the time frame and how these can be managed The third part of the book concerns the impact of trauma and other crises on our existence in time as

well as our experience of it Exploring time related issues as people navigate different stages in the life cycle as well as for people affected by illness trauma and bereavement this insightful and thought provoking book will provide insights for counsellors and therapists about what time means both to themselves and their clients **On Deaths and Endings** Brent Willock, Lori C. Bohm, Rebecca C. Curtis, 2007-05-07 Winner of the 2008 Grady Award Can something as negative as loss also be a positive transformative experience Is it possible that not only individuals but also societies can be developmentally arrested by problematic mourning On Deaths and Endings brings together the work of psychoanalytic scholars and practitioners grappling with the manifold issues evoked by loss and finality The book covers the impact of endings throughout the life cycle including effects on children adolescents adults those near death and entire societies New psychoanalytic perspectives on bereavement are offered based on clinical work scholarly research and the authors own deeply personal experiences The contributors present compelling often moving enquiries into subjects such as the reconfiguration of self states subsequent to mourning the role of ritual and memorials the tragic impact of unmourned loss modern conceptualisations of the death instinct and terror based losses In that much psychotherapy is conducted with people who have suffered some form of loss this book will be an invaluable resource for all mental health professionals The emphasis on the potential of working through the vicissitudes of these experiences will provide inspiration and hope both to those who have endured personal loss and to anyone working with grieving patients **Memories and Monsters** Eric R. Severson, David M. Goodman, 2018-01-02 Memories and Monsters explores the nature of the monstrous or uncanny and the way psychological trauma relates to memory and narration This interdisciplinary book works on the borderland between psychology and philosophy drawing from scholars in both fields who have helped mould the burgeoning field of relational psychoanalysis and phenomenological and existential psychology The editors have sought out contributions to this field that speak to the pressing question how are we to attend to and contend with our monsters The authors in this volume examine the ways in which we might best relate to our monsters and how the legacies of ancient traumas and anxieties continue to affect our current stories memories and everyday practices Covering such manifestations of the monstrous as racism crimes against humanity trauma as portrayed in music and art and the Holocaust this book explores the impact the uncanny has on our individual and collective psyches By focusing on a very specific theme and one that excites the imagination Memories and Monsters stokes the flames of an important current movement in relational psychoanalysis It will appeal to psychoanalysts and psychoanalytic psychotherapists as well as professionals in psychology and graduate school students and tutors in the fields of both psychology and philosophy **American Journal of Psychotherapy**, 1947 Way Beyond Freud Joseph Reppen, Jane Tucker, Martin A. Schulman, 2004 The contributors featured in this work engage the reader in a stimulating exchange and dialogue about the post modern turn in psychoanalysis They advocate critique or simply observe this contemporary phenomenon **Cambridge Guide to Psychodynamic Psychotherapy** Adam Polnay, Rhiannon
