**How to Make the Body** Jennifer Creech, Thomas O. Haakenson, 2022-05-05 How to Make the Body Difference Identity

and Embodiment brings together contemporary and historical readings of the body exploring the insights and limits of established and emerging theories of difference identity and embodiment in a variety of German contexts The engaging contributions to this volume utilize and challenge cutting edge approaches to scholarship on the body by putting these approaches in direct conversation with canonical texts and objects as well as with lesser known yet provocative emerging forms To these ends the chapter authors investigate the body through detailed studies across a wide variety of disciplines and modes of expression from advertising aesthetics and pornography to social media scientific experimentation and transnational cultural forms Thus this volume showcases the ways in which the body as such cannot be taken for granted and surmises that the body continues to undergo constant and potentially disruptive diversification and transformation
