**Coming of Age Story** Wayne Kyle Spitzer, 2023-12-25 Embark on a Haunting Odyssey in The Wine Dark Passage In the eerie shadows of a post apocalyptic world where time has unraveled into chaos emerges a tale of survival and awakening as the nuclear submarine Sarpedon follows a private canal to a mysterious destination The Silent Protagonist Meet Pang The Mouse In Su a 13 year old Korean deafmute girl whose silence speaks louder than words Pang grapples with the weight of a disordered world haunted by memories of loss and the relentless pursuit of survival The Enigmatic Captain and His Companions Captain O Neil guides the USS Sarpedon through the wine dark waters Alongside him Enge Puckett a steadfast companion adds a touch of humanity to the stark reality of survival Together they navigate through the remnants of a world that has succumbed to the whims of time where primitive people and dinosaurs roam in the shadows The Elon Musk like Enigma Enter Steve Dannon an Elon Musk like figure whose private compound Chryse Planitia beckons like a forbidden sanctuary on Vashon Island Dannon reminiscent of Conrad s Kurtz hides secrets that echo in the whispers of those who dare to challenge his fractured reality As the crew embarks on this odyssey Dannon s enigma looms large a force that can reshape destinies or plunge them into deeper darkness A Heart of Darkness in the Pacific Northwest In this Pacific Northwest dystopia the crew must confront the perils of a distorted time facing not only the remnants of a lost world but the shadows of their own morality From The Wine Dark Passage We watched as he gestured to what appeared to be a large hand crank near the edge of the lock Do it O Neil seemed to indicate And he moved toward it even as something moved with him through the shadows something sleek and dark and stealthy as a panther Something which was joined by three other somethings as Jarnel took up the big iron handle and began to crank it pausing to take off his coat and roll up his sleeves completely oblivious to the fact that he was being watched That he was being stalked What happened next happened fast so fast that I was still shaking Puckett s shoulder telling him to fire fire when one of the things leapt onto Jarnel s back and just held on tight curling its talons so that they dug into his thin wet shoulders seeming to rake his back with its sickle clawed hindlimbs closing its jaws about his neck and jugular Nor did it stop there but only got worse as the other velociraptors the other murder birds descended on him like flies like jackals knocking him to the ground burying him as if in quicksand making it impossible for anyone to even shoot at them for fear of hitting Jarnel himself Not that there would have been any point he was clearly dead already as Captain O Neil spoke into his mic and the sub moved on through the now open gates As the raptors snarled and fought over Jarnel s corpse and I looked toward the sky at the fat bloody moon which was partially obscured by the semi luminescent clouds the so called Flashback Borealis which shown red as Abaddon noting that the world hadn t remarked on his death in the least but only continued to look on in perfect silence impenetrable inscrutable having nothing whatsoever to say nothing to add or take away like we ourselves I supposed And then it was time to get ready as we were more than halfway there Time to go over the plan once more and to steel ourselves steel our shivering stomachs for what was yet to come To get square with our gods and Buddhas so we could go ashore at Camp Burton where there was a

Before the Flashback ended in The War torn Hills of Earth there were other trials other crucibles other adventures not previously recorded 72 Hours to Animal is one of these in which a helicopter bearing a hodge podge crew touches down on a Saveco wholesale warehouse in the middle of a snowstorm only to find themselves stalked by shadowy predators From 72 Hours to Animal Zola aimed her flashlight revealing a toppled fixture and designer frames scattered all over the floor then whipped it left toward the photo center There s a man door leading outside down there do you think she might have Shhh urged Redhorn Listen Do hear that She listened hearing nothing at first but then a slight shuffling a shifting a disturbance in the air like a whisper of clothing or something breathing Something is running up that aisle she said her heart beginning to pump faster She indicated the row of flatscreens parallel to them Something small agile fleet footed Redhorn trained his revolver on the endcap showcasing it in a pool of light Something that s going to be dead in about three seconds No wait it could be But nothing presented itself Nothing happened at all other than sweat beading along her brow and her heart trying to punch through her chest Honey prompted Zola Is that you Silence Stay here said Redhorn Wait But he was already moving creeping toward the endcap nearing the parallel aisle approaching whoever or whatever was there when Zola heard from the direction of the photo center so softly she might have imagined it Where are you Mommy At which she turned back to Redhorn in time to see him vanishing around the corner and promptly shouted Red it s not the girl which was followed by more shifting and shuffling and dear god what sounded like snarling until she raised the 25 and fired in the air and the warehouse echoed thunderously and finally fell silent Red she prompted at last finding it odd that Pappy had not called out or

responded in any way Are you okay Hey But now she did hear something something moist terrible like someone choking to death Like someone gasping for breath as she rushed around the corner and found Redhorn laying in a pool of blood just lying there holding his throat even as the dark red liquid bubbled between his fingers and she crouched to help and the blood spread around her knees like spilled motor oil As he tried to speak but only gurgled up more gore and his eyes locked on something behind her and she whipped around to see a pale reptilian face vanish around the corner just vanish like a ghost

**Man In Suit** Wayne Kyle Spitzer, 2025-02-19 Love Japanese giant monster movies Ever wonder what it would be like to destroy Tokyo yourself Or how dangerous it would be to be zipped into a 250 pound rubber suit and put into a massive tank while pyrotechnics go off and powerful lights hang above the water Man in Suit reminds us that the people behind the monsters are all too human There were two things that Sakura insisted on from the start the first was that every shooting day be concluded by crossing an enormous red number off his enormous mobile whiteboard which he had rolled out onto the soundstage and the second was that the Kaijira Military March which had originally been composed for the Japanese Imperial Army during WWII be looped and played from huge loudspeakers every time we were on set to the point that I could hear it in my head virtually everywhere I went in the commissary using the restroom on the train going home while I was sleeping Especially while I was sleeping It was in a sense as if we'd gone off to war as if the blue screen material undulating before the turbines when we shot in the outdoor tank were in fact our banner and Sakura's barking of Hajime our battle cry Indeed it was as if the sounds of our efforts the clack clack of the slate and the coordinated shouting of the crew the grunting of the actors the crackle of the pyrotechnics had merged to become a rhythm and a cadence of their own a mantra as guttural and precise as any karate match a meditation Nor was the war comparison purely hyperbolic it's often been said that war is not just a new experience but a new world and this with its bloodbath of sweat and rubber and black powder smoke its hot lights and shockingly physical fights was nothing if not that at least to a kid from West Lafayette Indiana a kid whose previous experience with kaiju consisted mostly of watching them battle it out on a 16 inch Zenith color television whilst eating Frosted Flakes and collecting shag carpet rug burns And yet as the days passed and the numbers were crossed off I came to understand not just the outlandishness of what they the suit actors were doing but the familiarity of it for what it ultimately boiled down to especially with regards to what was required of them physically was American pro wrestling a realization that made me not just fall in love with them all over again but to really study them to try to get inside their suits to imagine what it was like to actually be them How hot it must have been for one how difficult to breathe How burdensome the suit must have become after having been essentially locked inside it for several hours the sheer weight on one's bones and musculature the stench of latex and one's own body odor the impaired hearing and vision the claustrophobia I couldn't help but wonder how Sakura had managed to play the monster so late into his career well into his 50s nor what the old man was presently thinking now that he'd traded his fur lined flight helmet for a bullhorn and steered toy airplanes instead of real ones But

mostly I focused on Kikuta who soldiered on valiantly despite the burden of two equally great weights the Kaijira costume itself which was the most cumbersome of them all and Daigo s attempt to turn a carpool with Izumi into a stealth courtship a ploy so obvious that she herself was blind to it Nor had a modest raise in his pay changed anything he was still riding the same crusty moped while Daigo drove his Z and talked about upgrading which by the second to last day of the shoot he had to a brand new Mazda Miata and a rear plate that read MECHA 1 And it might even have remained that way at least long enough to finish the shoot if Kikuta hadn t opened his pay envelope as the pair drove away and realized he d been given the wrong check
