## **Deutsche Eisenbahngeschütze Rohr Artillerie Auf Schienen:**

Pandora's Box Jörn Leonhard, 2020-05-05 Winner of the Norman B Tomlinson Jr Prize The best large scale synthesis in any language of what we currently know and understand about this multidimensional cataclysmic conflict Richard J Evans Times Literary Supplement In this monumental history of the First World War Germany's leading historian of the period offers a dramatic account of its origins course and consequences Jörn Leonhard treats the clash of arms with a sure feel for grand strategy He captures the slow attrition the race for ever more destructive technologies and the grim experiences of frontline soldiers But the war was more than a military conflict and he also gives us the perspectives of leaders intellectuals artists and ordinary men and women around the world as they grappled with the urgency of the moment and the rise of unprecedented political and social pressures With an unrivaled combination of depth and global reach Pandora's Box reveals how profoundly the war shaped the world to come An epic and magnificent work unquestionably for me the best single volume history of the war I have ever read It is the most formidable attempt to make the war to end all wars comprehensible as a whole Simon Heffer The Spectator A great book on the Great War Leonhard succeeds in being comprehensive without falling prey to the temptation of being encyclopedic He writes fluently and judiciously Adam Tooze Die Zeit Extremely readable lucidly structured focused and dynamic Leonhard's analysis is enlivened by a sharp eye for concrete situations and an ear for the voices that best convey the meaning of change for the people and societies undergoing it Christopher Clark author of The Sleepwalkers *Versunkene Hoffnungen* Sebastian Rojek, 2017-10-23 Sebastian Rojek untersucht am Beispiel der Deutschen Marine erstmals systematisch Prozesse der Erwartungsweckung und Enttäuschungsverarbeitung während der langen Jahrhundertwende Unter Berücksichtigung verschiedener Kommunikationsräume kann er zeigen wie die Institution seit ihrer Gründung mit den hochgespannten Erwartungen des deutschen Kaiserreichs umging Am Horizont blitzten Weltmachtträume auf die 1918 in deprimierende Enttäuschungen mündeten und in der Weimarer Republik aufgearbeitet werden mussten Die Marineführung hielt trotzdem an ihren alten Plänen fest und trug so maßgeblich zum Zweiten Weltkrieg bei Die innovative Studie erlaubt ein vertieftes Verständnis der Marinegeschichte und der Kulturgeschichte der Politik So entsteht ein differenziertes Bild der deutschen Seestreitkräfte das in langfristige Entwicklungen von der Gründung des Kaiserreichs bis in die frühe Bundesrepublik eingebettet wird *Deutsche Eisenbahn-Geschütze* Gerhard Taube, 2001 Om det tyske bestræbelser på at bygge k mpekanoner på lavetter af jernbanevogne og tyskernes tilsvarende udviklingsforsøg under første verdenskrig **Having Survived Sevastopol** Gennadiy Albul, 2022-08-05 The book is not meant to be a documentary story of WWII in Sevastopol It is written from perspectives of real people's memories The names of the major characters Polly Mary Lucy and Nikolay are real Other names are sometimes alias and represent integrated characters but most of the events are written almost word for word as it was spoken It is absolutely amazing as in the life of people and by people lives the absolutely improbable chain of events that are rigidly connected with each other conducted to a certain mysterious purpose

This written history in particular narrates about itself about the sequence of the events which has led to its writing Polly whose husband had been killed in Russian revolutionary events tried to escape and find a safe place to live with her children She escaped from her past but is it possible to escape from the future She found shelter in Sevastopol which was is and will be a vortex for dramatic historical events involving most powerful persons of the planet WWII started unexpectedly for both Polly and her daughter Mary on the same day it began for the Soviet Union They went through the war from the beginning to the very end witnessing stupidity treachery and the senselessness of bureaucrats of war from both the German and Russian side They lived daily with the cruelty and horror of war One thing they could not understand that God had been told to Polly in her prayers that they would survive to narrate the story of God s will realizing miraculously God did not give them a second of respite They participated in all of the events of the many month defense of Sevastopol through all of the killing and capturing of the defenders They had to work for the aggressors in order to survive They appeared in the mid battle in a time of the Soviet army return and came to see the Germans as just simple people who did not want to fight just wanted to survive the horrible situation that they could not control Eventually Mary became a manager of the German prisoners of war who were working on the restoration of Sevastopol just as Germans forced them to work clearing ruins after the capturing of the city History had repeated itself in the completely opposite way Would it be so simple It appeared to be just the next stage in history about Having Survived Sevastopol

**Railway Guns of World War II** Steven J. Zaloga, 2016-02-25 World War II marked the zenith of railway gun development Although many of the railway guns deployed at the start of the conflict were of World War I vintage Germany s ambitious development programme saw the introduction of a number of new classes including the world s largest the 80cm calibre Schwerer Gustav and Schwerer Dora guns which weighed in at 1 350 tons and fired a huge 7 ton shell This book provides an overview of the types of railway guns in service during World War II with a special focus on the German railway artillery used in France Italy and on the Eastern Front and analyzes why railway guns largely disappeared from use following the end of the war
