# Devaluing Of America The Fight For Our Culture And Our Children

**Robert Brent Toplin**

## **Devaluing Of America The Fight For Our Culture And Our Children:**

**The De-valuing of America** William John Bennett,1994 Discusses the need to reclaim American culture and how to protect and nurture the children of our country *The Devaluing of America* William John Bennett,1992 *The De-valuing of America* William J. Bennett,1992 **Chicana/o Struggles for Education** Guadalupe San Miguel,2013-06-03 Much of the history of Mexican American educational reform efforts has focused on campaigns to eliminate discrimination in public schools However as historian Guadalupe San Miguel demonstrates in *Chicana o Struggles for Education* Activism in the Community the story is much broader and more varied than that While activists certainly challenged discrimination they also worked for specific public school reforms and sought private schooling opportunities utilizing new patterns of contestation and advocacy In documenting and reviewing these additional strategies San Miguel s nuanced overview and analysis offers enhanced insight into the quest for equal educational opportunity to new generations of students San Miguel addresses questions such as what factors led to change in the 1960s and in later years who the individuals and organizations were that led the movements in this period and what motivated them to get involved and what strategies were pursued how they were chosen and how successful they were He argues that while Chicana o activists continued to challenge school segregation in the 1960s as earlier generations had they broadened their efforts to address new concerns such as school funding testing English only curricula the exclusion of undocumented immigrants and school closings They also advocated cultural pride and memory inclusion of the Mexican American community in school governance and opportunities to seek educational excellence in private religious nationalist and secular schools The profusion of strategies has not erased patterns of de facto segregation and unequal academic achievement San Miguel concludes but it has played a key role in expanding educational opportunities The actions he describes have expanded extended and diversified the historic struggle for Mexican American education *From Family Collapse to America's Decline* Mitch Pearlstein,2011-09-16 Very high rates of family fragmentation in the United States are subtracting from what very large numbers of students are learning in school and forever holding them back in many other ways This in turn is damaging the country economically by making us less primed for innovation while also making millions of Americans less competitive in an increasingly demanding worldwide marketplace All of which is leading and can only lead to deepening class divisions in a nation which has never viewed itself or operated in such splintered ways What can be done to reverse these severely destructive trends starting with reducing the enormous number of children forced to grow up with only one parent living under the same roof What educational reforms are most likely to help under such demanding circumstances And as dangerous as the situation is why do leaders in education and other fields persist for both understandable and less worthy reasons in dancing around profoundly important questions of family breakdown to the point of contortion and ultimately failure **Modern Jeremiahs** Mark Stephen Jendrysik,2008-03-20 One of the most enduring themes in American political discourse is the idea of decline Since the very

beginnings of the European settlement of North America there have been voices pointing to an inevitable regression of the people from the standards set by heroic ancestors This discourse of decay has often taken the form of the jeremiad in which public intellectuals pundits and politicians point to the causes of decline and call for a return to older and nobler standards of conduct The Jeremiad has seen a revival in the last 25 years Jendrysik traces the history of this form of political discourse from its modern reinvention by Allan Bloom to its current uses by such figures as Bill O Reilly and Hillary Clinton

*Welcome to the Jungle* Geoffrey T. Holtz,1995-05-15 Generation X Twentysomethings The new Lost Generation The 75 million Americans born between 1960 and 1980 have been called just about every name under the sun Holtz offers the first detailed tour of the cultural political and economic forces that set the stage for this misunderstood generation 25 charts

*Radical Conservatism* Robert Brent Toplin,2006 An unflinching look at the origins philosophy meanings and impact of the radical form of conservatism that currently dominates American politics Analyzing the literature books magazines newspapers and broadcast sources that define and promote conservatism Toplin leads the reader on a provocative tour of the conservative mind as viewed by a liberal tour guide

**Tethered Citizens** Sheldon Richman,2001-01-01 How tethered are you That s what Sheldon Richman starts out asking in this indispensable book laying bare the theory and practice of the welfare state Chances are Richman s answer will widen the eyes even of those who think they re familiar with the welfare state s milestones such as the New Deal The author digs deeper unearthing not just milestones but also the very foundation stones of the welfare state And he shows how deeply welfare state thinking has penetrated American society This book exposes the dangers that Americans face with the prospect of socialized medicine Bringing together the thoughts of twelve eminent advocates of the free market philosophy *The Dangers of Socialized Medicine* explains in an easily readable well reasoned way how government policies have caused America s health care crisis and why a complete separation of health care and the state is the only real long term solution This book prescribes the tough medicine that Americans need to take to achieve a healthy prosperous and free society What distinguishes Richman s account of the welfare state is his own consistent adherence to a philosophy of reason and individual rights He doesn t compromise and he sees clearly how others who would defend freedom have compromised and fatally The author doesn t confine himself to attacking welfarism he also demonstrates the virtue and power of individualism property and competition Richman shows that economic competition is nothing more or less than peaceful cooperation in a climate of freedom

*Enduring Liberalism* Robert Booth Fowler,1999 *Enduring Liberalism* pursues two objectives One it explores the political thought of public intellectuals and the general public since the 1960s Two it assesses contemporary and classic interpretations of American political thought in light of the study s findings

BOOK JACKET **Redeeming America** Shoon Lio,2008 **Reading Against Democracy** Patrick Shannon,2007 Patrick Shannon s *Broken Promises* was hailed by Language Arts as one of nine seminal references on literacy and inequality in education But so much has changed and worsened since its publication that instead of revising his classic Shannon has

written an almost entirely new book The result Reading Against Democracy is Shannon s fully documented up to date look at how businesses and political interests broke the promise that American education would teach students how to think read and write as citizens

**Reinventing Richard Nixon** Daniel E. Frick,2008 Examining Nixon s autobiographies and political memorabilia Frick offers far reaching perceptions not only of the man but of Nixon s version of himself contrasted with those who would interpret him differently He cites reinventions of Nixon from the late 1980s particularly the museum at the Richard Nixon Library and Birthplace to demonstrate the resilience of certain national mythic narratives in the face of liberal critiques And he recounts how celebrants at Nixon s state funeral at which Bob Dole s eulogy depicted a God fearing American hero attempted to bury the sources of our divisions over him rendering in some minds the judgment of redeemed statesman to erase his status as disgraced president With dozens of illustrations Nixon posing with Elvis the National Archives most requested photo Nixonian cultural artifacts classic editorial cartoons no other book collects in one place such varied images of Nixon from so many diverse media These reinforce Frick s probing analysis to help us understand why we disagree about Nixon and why it matters how we resolve our disagreements

**BOOK JACKET** *Telos* ,1998 **The Content of America's Character** Don E. Eberly,1995 Essays from prominent American thinkers on what individuals can do to re establish their bonds with society *The Christian Librarian* ,1991 Culture Wars Roger Chapman,2010 Featuring hundreds of A Z entries and numerous photos the set examines the history and relevance of the issues events controversies personalities groups and concepts that have contributed to the political and social polarization of American society over recent decades It details hot button topics as well as the role of the media in defining and shaping these issues everything from abortion the Christian Coalition the environmental movement feminism and gay rights to illegal aliens pornography stem cell research Watergate and zero tolerance A topic finder bibliography and index add to the set s utility Urban Education Joe L. Kincheloe,2007-08-24 Maintaining that urban teaching and learning is characterized by numerous contradictions this book proposes that there is a wide range of social cultural psychological and pedagogical knowledge that urban educators must possess in order to engage in effective and transformative practice It is necessary for teachers in urban schools to be scholar practitioners as opposed to bureaucrats who only follow rather than analyze understand and create Ten major sections cover the myriad issues of urban education as it exists today context of urban education race and ethnicity social justice teaching and pedagogy power and urban education language issues cultural issues of urban schools as seen in the media research in city schools aesthetics and the proximity of cultural institutions and education policy Sixty one essays written by specialists in teacher education public policy sociology psychology applied linguistics forestry urban studies school administration cultural studies evaluation and linguistics provide a blueprint for scholars teachers parents urban politicians school administrators policy professionals and others seeking to understand the situation of urban schools across America today **The Praeger Handbook of Urban Education** Joe L. Kincheloe,2006 Maintaining that there is nothing

simple about urban education this work approaches the study of schooling in cities as a complex universe of the poorest students and schools alongside the wealthiest      **On the Relationship Between the Moral Character of a Teacher and the Moral Development of a Student** Richard D. Osguthorpe, 2005
