Develop Dissemination Agro Pro:

China's Rural Development Road Xiaoshan Zhang,Zhou Li,2017-10-27 This book systematically reviews the experiences and problems encountered in the development of China's rural areas over the past three decades since the start of the country's economic reform. As such, it addresses the most important aspects in terms of China's rural communities, farmers and agriculture from the perspective of development, such as the agricultural management system, rural land tenure system, rural fiscal and taxation system, financial system, science and technology system, rural governance structure, poverty alleviation, environmental protection, etc. The approach employed combines essential theories, laws and policy strategies with rural development practice in order to analyze the success stories and lingering problems to explore the causes of both and to offer an outlook on the future of rural development. Development Business ,2007-06-30 **Sustainable Solutions for Food Security** Atanu Sarkar,Suman Ranjan Sensarma,Gary W. vanLoon,2019-01-18 This volume is the first centralized source of technological and policy solutions for sustainable agriculture and food systems resilience in the face of climate change. The editors have compiled a comprehensive collection of the latest tested replicable green technologies and approaches for food security, including smart crops and new agricultural paradigms, sustainable natural resources management and strategies for risk assessment and governance. Studies from resource constrained countries with vulnerable populations are emphasized, with contributions on multisector partnership from development professionals. Debates concerning access to climate smart technologies, intellectual property rights and international negotiations on technology transfer are also included. The editors are respectively a public health physician, a development professional and an environmental scientist. They bring their varied perspectives together to curate a holistic volume that will be useful for policy makers, scientists, community based organizations, international organizations and researchers across the world. **Research and Agricultural Marketing** H.
