 News Spirituality Category *Psychic Power* Rob MacGregor, 2005 You have what you believe is a private thought until
 somebody who is with you gives voice to exactly what you were thinking about Moments like this happen to everyone and it's
 easy to write them off as coincidences Not so fast advises author Rob MacGregor He explains several different kinds of
 unusual mental experiences and argues convincingly that many of them suggest the existence of psychic powers Then he
 takes his readers several steps further advising on how all men and women regardless of age can develop their own psychic
 powers He discusses Precognition or knowing about things that haven't happened yet Telepathy or sensing what somebody
 else is thinking Clairvoyance or getting a mental picture of an event occurring far away Psychokinetic energy or moving an
 object through the power of thought Psychometry or learning about past events through the sense of touch Synchronicity or
 experiencing meaningful coincidences He also presents a balanced overview of the running debate between psychics and
 those scientists who assert that psychic events are violations of nature and thus do not exist MacGregor insists that while all
 people have psychic potential psychic skills need to be developed in order to be used effectively to our benefit Learning to
 use psychic skills is the main focus of this intriguing book It is written for beginners who want to develop their intuitive
 abilities and explore their inner powers Handsomely produced *Psychic Power* features attractive two color typography The
 accompanying audio CD with background music takes beginners step by step through exercises in breathing and muscle
