Developing Communities Social Ecology Series

J Dewey

Developing Communities Social Ecology Series:

ICTs for Advancing Rural Communities and Human Development: Addressing the Digital Divide Chhabra, Susheel, 2012-01-31 This book reviews the important impact ICTs have on economic social and political development and provides analyses of ICTs for education commerce and governance Provided by publisher Farm Communities at the Crossroads University of Regina. Canadian Plains Research Center, 2003 This book is an outgrowth of a conference that analyzed transformations in farming farm communities and discussed what might be done to achieve a more socially responsible development It contains papers that address the pace of change in work rural society which has proceeded so rapidly that every new development appears to be a cross roads in which something precious is in danger of being left behind but something valuable may be gained by taking the right route Topics of the papers include the importance of work the family farm community building knowledge skills in the farm community coping with the farm crisis land reform short line railways farm co operatives agricultural chemicals agribusiness sustainable alternatives for agriculture game farming co operative intervention in the farm machinery sector conservation tillage globalization agricultural policy agrarian radicalism on the prairies and farm income support systems Includes index **Promoting Sustainable Livelihoods for Communities Through the Use and Management of Natural Resources**, 1999 Developing Communities Bernard Lievegoed, 1991 The first part of this book addresses the development of all forms of communities and groups that come into existence with a spiritual cultural aim The author outlines the stages they grow through and the evolving inner dynamics that occur and emphasizes the moral technique that those involved must share if the community is truly to succeed The second half offers further directions and insights on community working out of Lievegoed's long experience and inner development More and more the need to do something about relationships and management processes within spiritual cultural institutions is being recognized and Lievegoed indicates the community structures decision making processes and approaches to staff training through which people can truly work together **Environment, Climate, and Social Justice** Devendraraj Madhanagopal, Christopher Todd Beer, Bala Raju Nikku, André J. Pelser, 2022-07-09 This book approaches environmental climate and social justice comprehensively and interlinked The contributors predominantly from the Global South and have lived experiences challenge the eurocentrism that dominates knowledge production and discourses on environmental and climate in justices The collection of works balances theoretical empirical and practical aspects to address environmental and climate justice challenges through the lens of social justice This book gives voice to scholars of the Global South and uses an interdisciplinary approach to show the complexity of the problem and the opportunities for solutions making this book a powerful resource in teaching research and advocacy efforts The innovativeness of this approach stems from the use of narratives scientific explanation and thematic analysis to present the arguments in each chapter of this edited book Overall each chapter of this book acts as a powerful resource in teaching research and advocacy efforts This book fills a gap in the

Global South production of environmental climate and social justice It provides in depth knowledge to the readers and raises their critical thinking about key elements discussions of justice issues of environmental conflicts and climate change The book is a useful read to a general audience interested in the topic of climate environment and development politics

Trends in Poverty and Livelihoods in Coastal Fishing Communities of Orissa State, India Venkatesh

Salagrama,2006-01-01 This study analyses the livelihoods of marine fishing communities in the Indian coastal state of Orissa using the sustainable livelihoods approach It investigates the relationships between livelihoods and coastal poverty and seeks to develop simple qualitative indicators to monitor the changes in these relationships over time The key trends affecting the livelihoods of the poor in the coastal fishing communities in Orissa range across the whole spectrum of assets i e the natural physical social human and financial and contribute to changes in terms of availability as well as access to the assets for the poorer stakeholders This paper also examines the impact of seasonality and shocks upon the fisheries based livelihoods and the importance and influence of various policies institutions and processes in addressing the fishers need to cope with their vulnerability context in a meaningful manner It summarizes the various factors having an impact upon the livelihoods of the fishers and develops them into simple indicators relevant in assessing the changing patterns of poverty in fishing communities of Orissa
