Developing Maintaining Practical Archives 2nd:

Developing and Maintaining Practical Archives Gregory S. Hunter, 1997 Providing in depth coverage of both theory and practice this manual is essential for archivists at all levels of experience and of all backgrounds **Archives** Laura A. Millar, 2017-05-11 This new and extensively revised second edition offers an international perspective on archives management providing authoritative guidance relevant to collections based repositories and to organizations responsible for managing their own institutional archives Written in clear language with lively examples Archives Principles and practices introduces core archival concepts explains best practice approaches and discusses the central activities that archivists need to know to ensure the documentary materials in their charge are cared for as effectively as possible Topics addressed include core archival principles and concepts archival history and the evolution of archival theories the nature and diversity of archival materials and institutions the responsibilities and duties of the archivist issues in the management of archival institutions the challenges of balancing access and privacy in archival service best practice principles and strategic approaches to central archival tasks such as acquisition preservation reference and access detailed comparison of custodial fonds oriented approaches and post custodial functional approaches to arrangement and description Discussion of digital archives is woven throughout the book including consideration of the changing role of the archivist in the digital age In recasting her book to address the impact of digital technologies on records and archives Millar offers us an archival manual for the twenty first century This book will be essential reading for archival practitioners archival studies students and professors librarians museum curators local authorities small governments public libraries community museums corporations associations and other agencies with archival responsibility **Keeping Time** Lisa Hooper, Donald C. Force, 2014-01-01 Music libraries often contain much more than books scores and recordings they are also home to a wealth of archival music materials Despite having archival holdings many music librarians struggle to provide adequate storage description and access to these materials Remaining cognizant of the wide variety of funding and staffing available to music libraries across North America this basic manual provides an entry point into the archival profession for music librarians without formal archival training At the same time the manual also serves as a ready reference book for those already familiar with basic archival practices This manual discusses archival theory alongside archival principles and practices explaining key concepts and developments in acquisition appraisal arrangement description preservation digitization and funding These fundamentals are demonstrated throughout the manual by numerous examples and hypothetical situations a music librarian is likely to encounter while managing archival music collections **Curating Oral Histories** Nancy MacKay, 2017-07-05 The interview is completed the recorder packed away and you've captured the narrator's voice for posterity The bulk of your oral history is finished or is it Nancy MacKay archivist and oral historian addresses the crucial issue often overlooked by researchers How do you ensure that the interview you so carefully recorded will be preserved and available in the future MacKay goes carefully through the

various steps that take place after the interview transcribing cataloging preserving archiving and making your study accessible to others Written in a practical instructive style MacKay guides readers step by step to make the oral history archive ready offers planning strategies and provides links to the most current information in this rapidly evolving field This book will be of interest to oral historians librarians archivists and others who conduct oral history and maintain oral history materials See more at <http://www.nancymackay.net> curating

Building a Successful Archival Programme Marisol Ramos, Alma Ortega, 2006-04-30 Provides information on best practices and solutions to establish an archival programme This book does not use technical or theoretical jargon

What are Archives? Louise Craven, 2016-02-11 This collection of essays breaks new ground in archival studies in the UK where professional archival texts have traditionally concentrated on the how not the why of archival work Studies of the theoretical role of for example the archive and the text or the archive and political power have meanwhile been undertaken in other academic disciplines where there is an established forum for the discussion of related issues This book invites the archivist to join that arena of debate whilst appealing to all those interested in archives

from other disciplines the authors encourage archivists to step away from the practicalities of keeping archives to consider what it is they actually do in the cultural context of the early 21st century The wider context of technological innovation and the internet form the backdrop to this collection The book explores change and continuity in the archival paradigm the textual nature of archives and asks if views of manuscripts and personal papers are changing it looks at specific developments in community archives at concepts of identity and culture in archives and it presents the fruits of innovative studies of users of archives Taken together these essays written by leading experts in the field provide a new understanding of the role of the archive today *Art Libraries Journal* ,2005 *Archives and Manuscripts* ,2006 **College and University Archives** Christopher J. Prom, Ellen D. Swain, 2008 The 13 essays in this volume offer provocative commentary and analysis in the ways archivists might better document college and university campuses and serve users Three intertwined themes run throughout the reader the opportunities and challenges posed by ever changing technology the importance of cooperation and collaboration beyond the walls of the archives and the necessity of a proactive approach in undertaking the academic archival enterprise As the essays gathered here demonstrate archivists can and must play an active role in documenting the character and history of their institutions by applying their talents to the challenges in this new century Provided by publisher **Understanding Archives & Manuscripts** James M. O'Toole, Richard J. Cox, 2006 This volume introduces students and beginning practitioners to the fundamentals of working with and preserving archival records and manuscripts Sample topics include the history of the archives profession the organization of archival records and the values that inform practice A new chapter on contemporary challenges in the archival world has been added for the second edition and the bibliographic essay has been updated *Archival Outlook* ,2005 *Museum Archives* Deborah Wythe, 2004 **Researching Canadian Archival Centres** Ryan Taylor, 2001 **Information Sources in Art, Art History and Design** Simon Ford, 2001 The aim of each volume of this series Guides to Information Sources is to reduce the time which needs to be spent on patient searching and to recommend the best starting point and sources most likely to yield the desired information The criteria for selection provide a way into a subject to those new to the field and assists in identifying major new or possibly unexplored sources to those who already have some acquaintance with it The series attempts to achieve evaluation through a careful selection of sources and through the comments provided on those sources
