Taking Supervision Forward Barbara Lawton, Colin Feltham, 2000-02-09 Taking Supervision Forward wins unconditional approval There is a throughout a coherent continuing thread of concern comment and information which makes reading this book either as a whole or in its chapter sections a creative and satisfying experience The Journal of Critical Psychology Counselling Psychotherapy This is a thought provoking collection of contributions some critically examining aspects of supervision that have previously been well established and some identifying controversies in working practice Counselling This book lives up to its claim to be a timely and thought provoking evaluation of contemporary supervisory practices and structures in counselling and psychotherapy John Hopton Therapeutic Communities This book evaluates supervisory structures and practices in the light of recent research and experiences It provides counsellors and psychotherapists with a considered examination of the supervision process and draws attention to those aspects of supervision that may benefit from critical analysis and reform The first part of the book explores some inherent difficulties that may impinge upon the effectiveness of supervision while the second part identifies debates relating to working practice and the impact of the cultural environments in which counselling is now taking place In the final chapter key figures in counselling and psychotherapy contribute short pieces outlining what they feel will be significant issues for supervisory practice in its next phase of development

New Directions in Counselling Rowan Bayne, Jenny Bimrose, Ian Horton, 2002-09-11 Responds to the major changes affecting counselling national and European legislation drive for greater professionalism accountability competency and multiculturalism Considers implications of accreditation and NVQs

Supervising Counsellors David King, Sue Wheeler, 2001-05-02 Supervising Counsellors is a practical and insightful guide to the responsibilities facing all those involved in supervising practitioners and trainees Drawing together contributions and new research from those at the forefront of supervisory practice this book makes essential reading for both qualified and trainee supervisors Part One defines the supervisor's clinical legal and ethical responsibilities and clearly sets out the law and professional codes relating to supervision Part Two examines issues that arise for supervisors working in

different contexts organizations training primary care and some of the wider issues concerning supervision and highlights in particular the expectations of supervisees and the role of supervisors in ensuring that clients are not discriminated against

Standards and Ethics for Counselling in Action Tim Bond,1993-11-04 Full of practical information and procedural guidelines backed up by useful codes of ethics and practice this book covers the major responsibilities which both trainee and practising counsellors must be aware of before they take on clients Examining issues fundamental to the process of counselling Tim Bond covers such topics as confidentiality the legal aspects of counselling suicidal clients record keeping and the importance of adequate supervision He outlines the values and ethical principles inherent in counselling and points out that the counsellor is at the centre of a series of responsibilities to the client to him herself as a counsellor to other counsellors and colleagues and to the wider community A wi Handbook of Counselling in Britain Windy Dryden,David Charles-Edwards,Ray Woolfe,1989 This is a handbook of the main fields of counselling activity in Britain It is designed to be used as a source of information for professionals and students of counselling and allied professionals both practising and training Contemporary Practice in School Guidance and Counselling ,1996 *Counselor Education and Supervision* ,1993 Group Supervision Brigid Proctor,2000-06-22 This book is a most welcome addition to the rapidly growing number of books now available that address aspects of counselling supervision in the British context To my knowledge it is the first that deals exclusively with group supervision and it is likely to become a classic text It provides a comprehensive and in many ways inspiring handbook that should prove of enormous help to any individual or organization contemplating setting up group supervision for counsellors and other clinical practitioner British Journal of Guidance Counselling This much awaited book makes a welcome entry into the rather sparse British literature on group supervision Counselling at Work This is a welcome addition to the literature on counselling supervision I found it especially stimulating having used various models of group supervision as a senior probation officer and now using it in a listening post In both examples the method did not replace individual supervision but greatly enhanced it I thank Brigid Proctor for her guidelines for good practice and stimulating ideas for using the potential of groupwork within the supervision process and recognize it as a really valuable Sage like contribution ACCORD This is a welcome addition to the literature on counselling supervision I found it especially stimulating having used various models of group supervision as a Senior Probation Officer and now using it in listening post In both examples the method did not replace individual supervision but greatly enhanced it I thank Brigid Proctor for her guidelines for good practice and stimulating ideas for using the potential of groupwork within the supervision process and recognize it as a really valuable Sage like contribution ACCORD This practical guide illuminates the tasks roles and responsibilities of group supervisors and supervisees Case studies of four groups are developed throughout to illustrate the differences and issues that arise in the process of group supervision The first part describes the Group Supervision Alliance Model on which the book is based and identifies four overlapping but distinct types of group authoritative participative co

operative and peer The second part focuses on the skills of managing each type of group and offers guidelines for making clear agreements and alliances developing flexible leadership and making sense of group and individual developmental needs The author also tackles hot issues that arise in group supervision and suggests positive ways of encouraging and working with the diversity which groups encompass

Psychotherapy Supervision Maria Gilbert, Kenneth Roy Evans, 2000 Featuring a balance of theoretical material examples of in vivo supervision and a discussion of practical techniques this manual for supervisors of psychotherapists and students of the discipline presents innovative ideas on ethical decision making

Career Development and Systems Theory Wendy Patton, Mary McMahon, 1999 Framework for career theory convergence using a metatheoretical approach

The Stresses of Counselling in Action Windy Dryden, 1995-01-24

Counsellors frequently work with people who are under stress or who are distressed but counselling them can itself be a highly stressful activity This supportive book examines the sources of stress for counsellors and the practical strategies that they can use to overcome it Stress may emerge in the work that counsellors do with specific client groups in the contexts in which counselling takes place and in the educational process both for counsellor educators and for counsellors in training In this book practising counsellors with first hand experience of dealing with stress examine the nature of the stresses that counsellors face in these different areas detail the typical responses both healthy and unhealthy tha

Basic Personal Counselling David Geldard, 1999 This introduction to personal counselling for professional and volunteer counsellors and those who train them covers the specific skills required and includes examples of dialogue to show how counselling skills are implemented in real situations

The Gains of Listening Colin Feltham, 1997 As well as promoting the view that employee counselling can contribute to stress reduction and mental health enhancement the book acknowledges the challenges that the ethos of management presents to counsellors In a climate of rapid change and uncertainty over jobs readers will want to consider the importance and potential of really listening to the issues involved in the interface between socioeconomic change and personal turmoil and responsibility

Psychotherapy as Positive Psychology Petruska Clarkson, 2005 The third volume in the Clarkson on Psychotherapy series brings together a fascinating selection of Professor Clarkson s work Most of the material has not previously been formally published and ranges from the beginnings of Gestalt through the importance in life and therapy of inborn constitutional temperamental types to fundamental concerns in using philisophical discipline in psychology and Clarkson s demonstration how the five relational model can be applied to research is impressive

Psychotherapists of all schools will find much to interest them in Clarkson on Psychotherapy 3 and students as well as practitioners will find the range and depth of papers not only demanding but also stimulating This volume of papers starts with a paper about the beginnings of Gestalt which was first presented at the World Conference in 1996 Chapters 2 and 3 are here formally published for the first time although the material in it has been well appreciated over some decades in samizdat copies Chapter 4 is a sample of Professor Clarkson s work stressing the importance in life and in therapy of inborn

constitutional temperamental types Chapter 5 reports a joint research project into narratives of psychotherapy in modern English Literature Chapter 6 surveys the field of Transpersonal psychology Chapter 7 addresses some foundational concerns in using philosophical discipline in psychology Finally chapter 8 shows how the five relations model can be applied to research

The Cumulative Book Index, 1996 A world list of books in the English language *Developing Person-Centred Counselling* Dave Mearns, 1994-11-11 The SAGE Publications Person Centred Counselling Package 4 volume set 59 95 Individual price 69 96 Save 10 01 All the books you will need for your person centred courses in one discounted package Person Centred Therapy Today New Frontiers in Theory and Practice Dave Mearns Strathclyde University Brian Thorne University of East Anglia Individual price 17 99 At the risk of being directive I would say you should buy this book It contains some of the most stimulating and refreshing ideas to have emerged in the person centred literature since On Becoming a Person Person Centred Practice Person Centred Counselling in Action Second Edition Dave Mearns Strathclyde University Brian Thorne University of East Anglia Individual price 15 99 The discussion of empathy acceptance and congruence is central and should be required reading for all trainees working to understand the richness of these core concepts outstanding Counselling and Psychotherapy The Journal of the British Association for Counselling and Psychotherapy Person Centred Counselling Training Dave Mearns Strathclyde University Individual price 18 99 If you run a course of person centred counselling training or are thinking about it or are a student on a person centred course you should buy this book It is the first dedicated to person centred training and it is written by one of the very few people in the country who could have presented such complex material so comprehensively and with such clarity Person Centred Practice Developing Person Centred Counselling Dave Mearns Strathclyde University Individual price 16 99 This is a useful book for those who use person centred counselling in their practice or who are training to become person centred counsellors Counselling and Psychotherapy Journal The Journal of the British Association for Counselling and Psychotherapy Offer expires 30th September 2002 I found myself fascinated riveted by the accessibility of the prose and format and most importantly splendidly re engaged with the person centred approach The book will prove most useful to practitioners and students of the person centred approach to counselling but those from other orientations might also be agreeably surprised by its depth and by Mearns dare I say analytical approach to his subject I found his style of writing intelligent and clearly set out and whilst thoroughly academic it included lots of good clinical evidence and cameos there is nothing vague or highly idealised but rather a set of clear thinking rigorous chapters that make it a most worthwhile addition to the current counselling literature Self Society Crucial areas such as the therapeutic alliance and process the development of the counsellor and the person centred perspective in relation to psychopathology are examined in this volume An introduction focuses on the importance of training in depth expressing caution about adopting the more advanced methods illustrated in the book without rigorous preparation and provides a summary of the central features of person centred counselling

Following on from this the volume s 30 sections are organized into six categories each of which will help practising counsellors improve their skills within the person centred approach
