Developing Responsible Relationships:

Cases on Cultural Implications and Considerations in Online Learning Edmundson, Andrea, 2012-07-31

Expectations of life work education and so forth are rooted in cultural values As a result access to an engagement with online learning is a culture bound experience Cases on Cultural Implications and Considerations in Online Learning illustrates ways in which to reach and engage learners across cultures by using online learning that accommodates cultural differences and preferences This casebook helps online educators understand what cultural expectations their students have before they create online programs and tailor their instructional designs for multicultural and international learners

Education and Responsibility Tunis Romein, 2021-03-17 This book reveals the sources of the disquiet prevailing among educators over the apparent failure of the public school system to develop moral responsibility in America s youth The doctrine of separation of church and state has made sectarian religious training illegal in public schools and Tunis Romein shows that the task of providing moral guidance suddenly thrust upon educators has disclosed their deep schisms in educational philosophy basic contradictions which have split American education from top to bottom Romein explains the basic conflicts in education by examining three educational philosophies progressivism educational reconstructionism and classical humanism and comparing all of them with the traditional Christian view He holds that all educational philosophies whether secular or not are based on faith and that all can be tested with regard to their beliefs about the nature of man and about the kind of moral responsibility education should develop in man With sincerity and frankness Romein analyzes the moral and intellectual poverty of much of the thinking dominant in education today and he shows the necessity as well as the difficulty of making faith in God once more the underlying influence in American education

7 Principles of Recovery Virgil L Stokes, 2011-02-09 If you or someone you love are bound by addiction this workbook will help you Recovery from addiction is a process that requires the application of proven Bible principles As a personal study a guide for a discussion group or as a help in counseling someone else the 7 Principles will take you on a journey to the truth that sets us free

Sustainable Development Goals for Society Vol. 2 Godwell Nhamo, David Chikodzi, Kaitano Dube, 2021-06-26 This book profiles various cases that are emerging in addressing global challenges in the context of SDGs for society in the era of climate change and covers case studies of projects being undertaken to tackle biodiversity food security climate change energy and water security The book is written by 37 authors and will appeal to various stakeholders including academics working within the identified thematic areas policy planners development agencies governments and United Nations agencies The adoption of the Sustainable Development Goals SDGs in 2015 ushered a new era in the global development agenda as the world transitioned from the Millennium Development Goals MDGs The new era of SDGs that are all inclusive unlike the MDGs with the focus now being on ensuring human success that is predicated on environmental protection The year 2020 marked five years post the adoption of the SDGs with increased calls for stock taking of progress made amid strong calls for a decade of

action to accelerate the delivery of the SDGs by 2030 These calls have been louder now given the impact of the COVID 19 pandemic which reset the global economy and increased intensity of extreme weather events across the world Since climate change has emerged as one of the biggest threats to the achievement of the SDGs there has been growing concerns on its impact on biodiversity loss and the extinction of some species There are also concerns regarding increased food insecurity at the household level in some parts of the world particularly in Asia and Africa With the demand for climate change action on the increase there have also been growing calls for the big carbon emitters to drastically cut their emissions and invest in clean energy to save the planet by following development pathways making emissions stay under the 1.5 C increase in temperature
