

Development Matters in the Early Years Foundation Stage (EYFS)

This non-statutory guidance material supports practitioners in implementing the statutory requirements of the EYFS.

Children develop quickly in the early years, and early years practitioners aim to do all they can to help children have the best possible start in life. Children have a right, spelled out in the United Nations Convention on the Rights of the Child, to provision which enables them to develop their personalities, talents and abilities irrespective of ethnicity, culture or religion, home language, family

background, learning difficulties, disabilities or gender. This guidance helps adults to understand and support each individual child's development pathway. Other guidance is provided at www.foundationyears.org.uk. The EYFS statutory framework is available on the Foundation Years website as well as the Department for Education website: www.education.gov.uk/publications

Planning for Learning in Early Years Nicky Simmons, Ginny Morris, 2017-05-30 This book was written to help all practitioners working with young children recognise and clearly identify the learning steps within and across each band of Development Matters Taking each Development Matters descriptor we have translated them into simple I am learning to statements that are easy to use in every day planning Laid out in 3 distinct columns simple learning statements are matched to Development Matters descriptors with a Looking Ahead column to help the practitioner visualise where children are heading Save planning time and use this document to pinpoint next steps in learning closing the gaps and accelerating progress They were great I use them for weekly planning as there are fewer statements which ensure coverage of the DM statements succinctly They are also good for support staff easier to understand Also easier for parents to follow and child friendly Arley Primary School I have added the learning statements onto our continuous provision plans which are displayed and shared with the foundation team We discussed how we could model the learning statements language for children to hear and we are hoping the children will absorb this language and start to use the language of learning too We also shared them during moderation with Year One which was an interesting discussion All staff members found them very useful and I thought they were good value for money Kelly Turner St Paul s Primary School We think they are a great tool for planning and assessment in EYFS and worth every penny Holbrooks Primary
