Development Of Chinas Stockmarket 1984 2002 Equity Politics And Market Institutions:

Internationalising China's Financial Markets Svenja Schlichting, 2008-10-01 Assesses the stability of the Chinese economy and the nature of its economic governance Svenja Schlichting examines how internationalization has impacted on financial market development in China and how far this has contributed to the development of new institutions within China *The Rise of the People's Bank of China* Stephen Bell, Hui Feng, 2013-06-10 The People's Bank of China surpasses the Federal Reserve as the world's biggest central bank In the first comprehensive account of the evolution of central banking and monetary policy in reform China Stephen Bell and Hui Feng show how the PBC's authority grew from a Leninist party state that once jealously guarded its control **China's Financial Opening** Yu Wai Vic Li, 2018-03-13 The twenty first century has not only seen China become one of the world's largest trading nations but also its gradual integration into the global financial system Chinese sponsored project financing schemes such as the Belt and Road Initiative and the Asian Infrastructure Investment Bank and the expanding international footprint of the renminbi have raised the specter of Beijing shaping established market rules and practices with its financial firepower These dramatic developments beyond the Great Wall of Money have overshadowed the equally remarkable opening of China's domestic capital markets These include initiatives that make cross border equity trade and investment easier attempts to internationalize exclusively domestic oriented equity markets and creation of the first offshore renminbi hub in Hong Kong paving the way for the big bang of renminbi use worldwide Li interrogates the domestic political dynamics underlying the dizzying switches between liberalization and restriction This book argues that the interplay between the pro opening coalitions and dissenting parties has been central to the policymaking process Financial opening has not only been driven by central bureaucratic actors but also by financial industry interests and the local authorities of financial centers acting in concert as coalitions The local and financial constituents have shaped policy agendas and priorities and defined and framed liberalizing initiatives in ways that appealed to bureaucratic entities They also sought wider political support by capitalizing on connections with top decision making elites To allay opposition and maintain political and technical consensus the coalition constituents have offered concessions to dissenting parties over implementation specifics This however has not always succeeded Dissenting parties who recognized adverse distributional and policy risk implications inherent in the opening initiatives might decline concessionary offers leading to policy tendencies other than opening As one of the very first political economy contributions to studies of China's financial opening from the 2000s this book will appeal to researchers of international political economy East Asia and China specialists and financial practitioners and policymakers wanting to make sense of the country's liberalizing logic *The Development of China's Stockmarket, 1984-2002* Stephen Green, 2004-07-31 As China's government manages a transition away from the socialist plan how does it build the regulatory institutions it needs to manage the new market economy Without the correct institutions laws and agencies that implement the laws in place the remarkable growth

witnessed in China over the last two decades will falter Financial sector reform lies at the heart of China's economic transition and China's stock market has become critical to the reform of state-owned industry the supply of fiscal revenues and in building a modern pension system The Development of China's Stockmarket takes a close look at the policy making and regulatory institutions the government has created to manage equity development and shows how in contrast to neo-institutional and economic theories of regulatory development public actors have controlled institutional development Based on extensive field research in Shanghai Shenzhen and Beijing and over forty interviews with regulators and market players The Development of China's Stockmarket provides the first detailed academic analysis of the country's stockmarket With a comprehensive review of Chinese language literature available on the subject this book is essential reading for all scholars with an interest in Asian Business and China's transition from socialism China and the Global Political Economy S. Breslin, 2016-04-30 This IPE Classic considers one of the most pressing issues of the Twenty First century the relationship between domestic configurations of power and globalized production processes in shaping the process and implications of China's re-engagement with the global economy **Rent Seeking in China** Tak-Wing Ngo, Yongping Wu, 2008-12-04 This is the first book which undertakes a systematic analysis of rent seeking activities in China Using case studies from across economics sectors the contributors discuss the occurrence of the phenomenon what range of activities are related to rent seeking practices and more importantly how rent seeking shapes political and economic development **East Asian Capitalism** Andrew Walter, Xiaoke Zhang, 2012-07-26 This volume analyzes developments in East Asian capitalism since the 1980s focusing on three main areas business systems financial structures and labor markets *Politics Meets Markets* Tao Huang, Weiping He, 2024-12-17 The book highlights several aspects with Chinese characteristics that set the country's financial system apart One key element is the significant influence of the Communist Party of China CPC on the financial markets The Party plays a crucial role in shaping and driving policies within the financial sector reflecting a distinct interplay between politics and finance Additionally the book emphasizes the involvement of various authorities within the government the court system and the intricate relationship between the courts and the governments in influencing the dynamics of the financial markets These factors collectively contribute to a distinctive environment that cannot be fully understood through conventional theoretical frameworks The major analytical points of the book revolve around the intricate triangular relationships among China's politics financial market rules and the financial markets themselves The authors argue that relying solely on any existing school of thoughts is insufficient for comprehending the complexities of China's financial landscape Instead the book explores the multifaceted connections between politics courts and the financial markets It delves into how political forces drive the formulation development and enforcement of financial market rules including the roles played by various government bodies and the legal system Unlike a focus on regulations and rules merely on paper the book takes a grounded approach by investigating China's financial markets rules in practical terms By doing so it seeks to discover

the underlying logic behind the unique features of China's financial system providing a nuanced understanding of the interactions between political forces, legal frameworks and the financial markets in the Chinese context *The Development of China's Stock Market, 1984-2002* Stephen Paul Green, 2003 A close look at the policy making and regulatory institutions the Chinese government has created to manage equity development since 1984 and how public actors have controlled institutional development **Corporate Governance and Legal Reform in China** Chao Xi, 2009 This book examines the effectiveness of the key legal reforms that have been put in place for addressing the governance issues facing Chinese listed companies Handbook on International Corporate Governance Chris A. Mallin, 2006 This volume provides a comprehensive analysis of the development of corporate governance across a range of countries including Australia, Germany, Spain and the UK. It also gives insight into its evolution in countries with diverse cultural, economic and legal systems **Bibliographic Index**, 2006 **Political Embeddedness as a Double-edged Sword** Lu Zheng, 2007 **Harvard Asia Quarterly**, 2004

Domestic Resource Mobilization and Financial Development George Mavrotas, 2008-03-27 This book provides insights into the evolving debate regarding the mobilization of domestic resources and the crucial role that financial development can and should play in this regard, exploring aspects of the financial development domestic resource mobilization nexus including country case studies **American Book Publishing Record**, 2004 British National Bibliography for Report Literature, 2003-07 Equity, politics and market institutions Stephen P. Green, 2002

Forthcoming Books Rose Arny, 2003 **PAIS International in Print** Catherine Korvin, 2003-05 This book contains bibliographic references with abstracts and subject headings to public and social policy literature and to world politics published in print and electronic formats international focus
