conditions and trends in rural areas Bringing together some of the best known rural development researchers this volume begins to build an information base that can serve as a foundation for rural development policy It deals with four components of development education entrepreneurship physical infrastructure and social infrastructure The opening chapters address two aspects of each component the use of the component to achieve rural development and measuring the impact of its use The volume then applies specific analytic methods of measuring impact to each component The opening chapters address two aspects of each component the concept of using that component to achieve rural development and the concept of measuring its impact The volume then examines analytic methods of measuring impact Following an overview of analytic methods chapters apply a different analytic technique to each of the components The techniques considered include econometric models computable general equilibrium models input output analysis and the case study method

Philanthropy and Economic Development Richard F. America, 1995-08-24 Provides basic information on how contributions programs can go into community based development with good results for recipients and donors **Student Papers from Ed 169-A and ED169-B**, 2001 The Technological Unemployment and Structural Unemployment Debates Gregory R. Woirol, 1996-07-22 Discusses the development of economic theories of unemployment in the nineteenth and twentieth centuries Focuses in particular on the technological unemployment debate of the 1930s and the structural unemployment debate of the 1960s Looks at how economics works as a social science **The Intellectual Legacy of Thorstein Veblen** Rick Tilman, 1996 Scholars attempting to place Veblen in a particular intellectual tradition will only succeed in reaping frustration and confusion until it is recognized that he was primarily Isui generis R and eclectic This is the recurring theme that is made explicit in the introduction conclusion and some of the chapters of this work Veblen was a thinker of such depth and power that he was able to create his own intellectual paradigm The result of his endeavors is that more than a few intellectuals including his followers the institutional economists have spent their careers trying to understand the paradigm and to develop it in several directions for their own purposes **State Per-Capita Income Change Since 1950** Leonard F. Wheat, William H. Crown, 1995-11-20 This book refutes prevailing theories that attribute post 1950 state per capita income convergence to 1 neo classical adjustment mechanisms 2 institutional sclerosis and 3 southern industrialization Wheat and Crown argue that southern income was low because of slavery s legacy sharecropping agricultural dependence low urbanization poor education high Black population percentages and low wage rates The legacy s dominant feature was the sharecropper tenant farmer system which replaced slavery Sharecropping was the foundation of southern poverty Sharecropping s collapse beginning around 1950 affected all of the other features of slavery s legacy For example millions of sharecroppers out migrated from the South shifting poverty to the North and lowering the South s Black percentage This out migration white in migration and the civil rights movement jointly raised educational attainment in the South further boosting southern income Southern industrialization had only a marginally significant effect In 1950 s high

income region the West the transport cost element in the price of manufactured goods shrank because of 1 transportation improvements and 2 rapid manufacturing growth which reduced the need for long distance imports from the Manufacturing Belt The resulting decline in the West's relative cost of living led to wage adjustments Consequently the West despite having the highest manufacturing growth rates had the nation's lowest per capita income growth rates Agricultural decline and educational gains stimulated income growth in the Plains Nationally per capita employment gains were a strong influence

Economic Policy in the Carter Administration Anthony S. Campagna, 1995 The Carter administration took office at an unfortunate time as far as economics is concerned The economy was floundering and the oil crisis and energy problems were all too prevalent The author explains that as Carter turned to fighting inflation he abandoned the traditional Democratic agenda and became a forerunner of Reagan In the end he did not conquer inflation but he did sacrifice his ambitious programs for restructuring government crafting a lasting energy program and reforming the tax structure welfare and health care
