**Katrin Zwirgmaier**

## **Development Finance Institutions Measuring Their Subsidy:**

*Development Finance Institutions* Mark Schreiner, Jacob Yaron, 2001-01-01 The purpose of the measurement of the social cost of subsidised development finance institutions DFIs is to see if the social benefit exceeds the social cost In most cases it is so expensive to measure social benefits that a full blown social cost benefit analysis cannot be done The measurement of social costs however is not as expensive and it can inform choices of how to spend public funds This paper presents two measures of social cost The first is the Subsidy Dependence Index SDI that can measure social cost in short time frames The second measure is the net present cost of society NPCS which can measure social cost in any time frame Both the SDI and the NPCS model shift the emphasis from prices paid to opportunity costs

**Design, Analysis, and Implementation of Development Projects** Alberto D. Pena, 2016-07-08 The book offers important guidelines in analyzing the technical economic financial administrative and organizational environmental commercial and institutional aspects of development projects It also suggests a format for organizing these aspects into one comprehensive design as it emphasizes the need for analyzing investments in their entirety as opposed to analyzing them in separate segments Managers and technicians from national and local governments business corporations parastatals or public enterprises non governmental organizations development and commercial banks and national and international aid funding institutions who are directly or indirectly involved in planning and implementing development activities will find this book useful Teachers and students in project management finance banking economic analysis and development management will also find valuable learning gains from the book The concepts and procedure in designing and analyzing development projects are illustrated using hypothetical case studies The discussions and illustrations will serve as important guidelines in the implementation of development projects

Measuring the Performance and Achievement of Social Objectives of Development Finance Institutions Manuela Francisco, 2016 This paper develops and tests a proposed methodology that puts forward a new integrated method for evaluating the performance of development finance institutions This methodology applies assessment criteria that take into account both the social objective that the development finance institution addresses and the subsidies it received in order to achieve such an objective This methodology is applied to two pilot case studies Banadesa Honduras and Banrural Guatemala The authors calculate the previously tested subsidy dependence index which measures the degree of an institution's subsidy dependence The paper develops and estimates a new measure the output index which indicates the level to which the institution fulfills the social objectives of the state The analysis integrates the subsidy dependence index and the output index to assess the effectiveness associated with meeting the social objective The findings suggest that the integration of the two indexes can constitute the basis of a meaningful evaluation framework for the performance of development finance institutions This new methodology can also be a useful metric for policy makers who are seeking to decide on an optimal allocation of scarce funds for development finance institutions that pursue social goals and for management that seeks

improved performance outcomes      *Inside the World's Development Finance Institutions* William Arthur Delphos, 2004 A guide to global regional and national development finance institutions Broken down by scope of activities the text introduces each institution gives a short overview of its programs and provides contact information      *Measuring the Performance and Achievement of Social Objectives of Development Finance Institutions* Manuela Francisco, Yira Mascar??, Juan Carlos Mendoza, 2012 This paper develops and tests a proposed methodology that puts forward a new integrated method for evaluating the performance of development finance institutions This methodology applies assessment criteria that take into account both the social objective that the development finance institution addresses and the subsidies it received in order to achieve such an objective This methodology is applied to two pilot case studies Banadesa Honduras and Banrural Guatemala The authors calculate the previously tested subsidy dependence index which measures the degree of an institution's subsidy dependence The paper develops and estimates a new measure the output index which indicates the level to which the institution fulfills the social objectives of the state The analysis integrates the subsidy dependence index and the output index to assess the effectiveness associated with meeting the social objective The findings suggest that the integration of the two indexes can constitute the basis of a meaningful evaluation framework for the performance of development finance institutions This new methodology can also be a useful metric for policy makers who are seeking to decide on an optimal allocation of scarce funds for development finance institutions that pursue social goals and for management that seeks improved performance outcomes      **National Development Banks in South America** Raphael Zimmermann Robiatti, 2021-08-17 This book features an in depth comparative study of South American National Development Bank's governance systems It explores the relationship between bank governance and performance frameworks both in terms of financial economic indicators and development impact It seeks to observe analyze and compare governance arrangements used by different development banks as tools to overcome the challenges associated with state ownership while remaining financially sustainable and aligned with their policy mandates      The Microfinance Revolution Marguerite S. Robinson, 2002 Microfinance is the method whereby financial services and credit is made available to the economically active but low income people of developing countries This book focusses on three key aspects of the phenomenon 1 the shift from government and donor subsidized credit delivery systems to self sufficient sustainable microfinance institutions 2 the results on the ground on the way in which microfinance helps people expand and diversify their enterprises increase their incomes raise their living standards and those of their families and boost their self confidence 3 the theoretical frameworks that had previously impeded the microfinance revolution with suggestions for their improvement      **The Economics of Microfinance, second edition** Beatriz Armendariz, Jonathan Morduch, 2010-04-23 An accessible analysis of the global expansion of financial markets in poor communities incorporating the latest thinking and evidence The microfinance revolution has allowed more than 150 million poor people around the world to receive small loans without collateral build up assets and buy insurance The idea

that providing access to reliable and affordable financial services can have powerful economic and social effects has captured the imagination of policymakers activists bankers and researchers around the world the 2006 Nobel Peace Prize went to microfinance pioneer Muhammed Yunis and Grameen Bank of Bangladesh This book offers an accessible and engaging analysis of the global expansion of financial markets in poor communities It introduces readers to the key ideas driving microfinance integrating theory with empirical data and addressing a range of issues including savings and insurance the role of women impact measurement and management incentives This second edition has been updated throughout to reflect the latest data A new chapter on commercialization describes the rapid growth in investment in microfinance institutions and the tensions inherent in the efforts to meet both social and financial objectives The chapters on credit contracts savings and insurance and gender have been expanded substantially a new section in the chapter on impact measurement describes the growing importance of randomized controlled trials and the chapter on managing microfinance offers a new perspective on governance issues in transforming institutions Appendixes and problem sets cover technical material

*The Economics of Microfinance* Beatriz Armendariz,Jonathan Morduch,2005 An assessment of the microfinance revolution from an economics perspective that draws on lessons from academia and international practice to challenge conventional assumptions

*The Future of the South African Political Economy Post-COVID 19* Mzukisi Qobo,Mills Soko,Nomfundo Xenia Ngwenya,2022-10-31 This book examines the COVID 19 pandemic through socioeconomic lens that draw on history approaches to state market relations and public policy perspectives In 2020 the world experienced the worst pandemic since the outbreak of the Spanish Flu of 1918 which continues to have far reaching implications for the global economy and triggered macro economic dislocations that severely affected the most vulnerable countries and segments of society This book was conceived as a response to the disruptive shifts induced by the pandemic with a particular focus on South Africa International experience has shown that countries and societies that have gone through tough economic times either as a consequence of wars or economic depressions have responded to crises by enacting unpopular policy measures based on difficult tradeoffs which often made way for innovation The authors outline policy responses to the COVID 19 crisis and propose several interventions to mitigate its effects These include developing innovative approaches to fiscal and monetary policies labour market policies industrial policies as well as social policies Building state capabilities improving the governance and performance of state institutions and managing digital change are some of the clear policy interventions that are laid out in this book
