Educational Programmes for the Health Professions World Health Organization, 1973
Programmes for the Health Professions George E. Miller, World Health Organization, 1977
Health Professions Yvonne Steinert, 2014-01-31 This volume addresses all facets of faculty development including academic and career development teaching improvement research capacity building and leadership development In addition it describes a multitude of ways ranging from workshops to the workplace in which health professionals can develop their knowledge and skills By providing an informed and scholarly overview of faculty development and by describing original content that has not been previously published this book helps to ensure that research and evidence inform practice moves the scholarly agenda forward and promotes dialogue and debate in this evolving field It will prove an invaluable resource for faculty development program planning implementation and evaluation and will help to sustain faculty members vitality and commitment to excellence Kelley M Skeff M D Ph D May 2013 In this text Steinert and her colleagues have provided a significant contribution to the future of faculty development In an academic and comprehensive way the authors have both documented past efforts in faculty development as well as provided guidance and stimuli for the future The scholarly and well referenced chapters provide a compendium of methods previously used while emphasizing the expanding areas deserving work Moreover the writers consistently elucidate the faculty development process by highlighting the theoretical underpinnings of faculty development and the research conducted Thus the book provides an important resource for two major groups current providers and researchers in faculty development as well as those desiring to enter the field Both groups of readers can benefit from a reading of the entire book or by delving into their major area of interest and passion In so doing they will better understand our successes and our limitations in this emerging field Faculty development in the health professions has now received attention for 6 decades Yet dedicated faculty members trying to address the challenges in medical education and the health care delivery system do not have all the assistance they need to achieve their goals This book provides a valuable resource towards that end
