Online Personal Brand Ryan M. Frischmann, 2014-07-19 Online personal branding is a requirement for all professionals The common argument of the experts is you have a digital footprint in social media and on the internet so people are already

making impressions of you Take control of their perceptions More importantly you have an opportunity to proactively project your personal brand onto networks Two other advantages of personal branding are that it forces you to be visionary of your career goals and helps you land favorable employment This books shares a functional angle to personal branding that is refreshingly simpler than the traditional marketing angle The definition of an online personal brand is the combination of a skill set an aura and an identity and there is discussion where the concepts overlap

How to become an honest con artist Manuel Vera López,2016-06-01 Who are you It s an open direct and simple also rude question The truth is this is the question that everyone will ask themselves about you The world has changed Our life is online now Do you notice the enormous amount of information you are giving away so others can find it Some say it s dangerous But where some see a problem others see an opportunity From a professional point of view social networks and global access to the internet bring us amazing opportunities Market yourself notice your work your skills and what you are able and willing to do Control the information about yourself and manage it so it boosts your image Make a name for yourself be respected Be the one who decides the answer to the question who are you That s what we call Personal Branding a way leading to a uniquely distinguishable impression That is what we are going to do in this book to explore how to build our Personal Brand in an honest and simple way without lying
