This is not theory; it's a tested path that has shaped entrepreneurs, creators, and professionals into brands people remember. Bhavik and Sahil combine art, strategy, and empathy to turn branding into a human journey, not a marketing one. Become Someone From No One is a transformation waiting to happen. **Online Personal Brand** Ryan M. Frischmann, 2014-07-19. Online personal branding is a requirement for all professionals. The common argument of the experts is you have a digital footprint in social media and on the internet, so people are already making impressions of you. Take control of their perceptions. More importantly, you have an opportunity to proactively project your personal brand onto networks. Two other advantages of personal branding are that it forces you to be visionary of your career goals and helps you land favorable employment. This book shares a functional angle to personal branding that is refreshingly simpler than the traditional marketing angle. The definition of an online personal brand is the combination of a skill set, an aura, and an identity, and there is discussion where the concepts overlap.

The Fundamentals of Personal Branding and Marketing Richard Works, 2019-10-28. When it comes to building a personal brand, some people dismiss the process as being too time-consuming or not that important. To be honest, you will have to devote time and energy to self-branding properly. Consistency and quality are key to getting the best out of your branding exercise. But the idea that building a personal brand is not essential is just false, and here's why. People are Googling you at every stage of your career. Regardless of your age or professional stage, someone is screening you online. What they find can have significant implications for your professional and personal well-being. Personal branding gives you the chance to control how clients and prospects see you. It gives you the opportunity to ensure that no one but you manipulate and control the narrative. This book discusses all about personal branding and marketing.
