Artificially Intelligent David Eliot, 2025-10-21 The story of AI isn't finished yet. The question is how will you be part of it. With the unprecedented adoption of artificial intelligence and its far-reaching implications, people everywhere are witnessing the world change around them. *Artificially Intelligent* answers today's most pressing questions about AI from the fundamental to the futuristic, offering readers a new informed worldview. In an age of unparalleled innovation and change, artificial intelligence has become the heart of our fears, discussions, and debates. Thus, AI researcher and award winner David Eliot takes readers on a journey through the key moments and decisions that have shaped its creation and our world. A socially driven history, the book explores its technical breakthroughs and the social forces that made them possible. But this book isn't just about the past; it's about you. *Artificially Intelligent* invites readers to find their place in the story of AI, to understand its impact on their lives, and to decide what kind of future they want to help create. *Artificially Intelligent* tells the story of the technology the way it was meant to be told: not as an exhaustive retelling of history, nor as a prophecy of doom and gloom, but as a human story that is not yet complete.

Dwell, 2005-01 At *Dwell*, we're staging a minor revolution. We think that it's possible to live in a house or apartment by a bold modern architect, to own furniture and products that are exceptionally well designed, and still be a regular human being. We think that good design is an integral part of real life. And that real life has been conspicuous by its absence in most design and architecture magazines.

In this book, readers will learn about becoming the most trusted and known brand in their market, leading to more consistent lead flow and sustainable business growth. Creating a culture of sales and marketing that is built to last in a time when digital transformation and AI are changing the world of business and buying as we know it. Promoting organizational change by investing in the right people in the right seats so as to evolve to a NEW way of effective sales, marketing, and brand growth.
