

Work Locations for Remote-Capable Jobs

Over half of remote-capable employees expect and prefer hybrid work.

% Remote-capable employees working (or expecting or preferring to work) at each location. Dates that appear when hovering over "expected" and "preferred" data are placeholders for purposes of data visualization.

New Remote Work Productivity With Low Investment

Rachel Sandford

New Remote Work Productivity With Low Investment:

Remote Work, Internal Marketing and Human Resource Management Teena Mishra, 2024-12-02 Remote working is a developing idea that many organizations are embracing especially in light of COVID 19 and the rise in demand for remote and hybrid roles As there is no standard model to use for implementation a number of problems and difficulties develop as popularity increases and hybrid working environments become normalized This book presents the views opinions and reality of remote work and creating an appropriate internal marketing culture in a remote environment The key topics explored are the significance of remote work remote work practice reshaping the work environment designing remote work models of remote work challenges of remote work facing business organizations remote work management innovations and technology the role of motivation and satisfaction in organizational development employee empowerment in a remote setting transparency and commitment for sustainable development and the future of remote work This research volume will be of value to researchers academicians practitioners and students in the fields of human resource management organizational studies and innovation management *Economic Policy Reforms 2023 Going for Growth* OECD, 2023-10-03 For this edition Going for Growth advises on country specific structural policy priorities to strengthen growth fundamentals and pave the way for successful green and digital transitions Four key policy areas are identified enhancing the design of social support programs lifting potential growth by removing obstacles to effective resource utilisation securing faster progress towards decarbonization making the digital transformation a driver of productivity growth Productivity and Its Impact on Employment and Labour Relations in the Coalmining Industry International Labour Organisation. Sectoral Activities Programme, International Labour Organisation. Coal Mines Committee, 1994 *Managing Human Capital in Today's Globalization* Heru Susanto, Fang-Yie Leu, Chin Kang Chen, Fadzliwati Mohiddin, 2019-10-23 This book explores important issues in human capital in human resource management as it relates to management information systems MIS It highlights how management information systems are implemented and the potential for employee resistance offering behavioral strategies to involve employees in adopting effective MIS and in overcoming resistance during change The authors also look at the available research that focuses on the changing skills requirements of employees in the context of both MIS perspectives and HRM perspectives They address how current trends have evolved into a hyper emerging market of competitive advantage and fast changing environments toward globalization The authors also address workforce planning and management systems strategic human resource management re engineering work processes for improved productivity work force diversity the integration of MIS HRIS and employee involvement human resource globalization and MIS implications the impact of digital technology on decentralized work sites organizational continuous improvement programs *Fracking* David E. Newton, 2015-01-16 The use of fracking is a tremendously important technology for the recovery of oil and gas but the advantages and costs of fracking remain controversial This book examines the issues and social economic

political and legal aspects of fracking in the United States Hydraulic fracturing of oil and gas wells known commonly as fracking has been in use in the United States for more than half a century In recent years however massive expansion of shale gas fracturing across the nation has put fracking in the public eye Is fracking a win win like its proponents say or are there significant costs and dangers associated with the use of this energy production technology This book examines fracking from all angles addressing the promise of the United States becoming energy independent through the use of the process to tap the massive amounts of natural gas and oil available as well as the host of problems associated with fracking groundwater contamination and increased seismic activity just to mention two that raise questions about the long term feasibility of the process as a source of natural gas The first part of the book provides a historical background of the topic a review of technical information about fracking and a detailed discussion of the social economic political legal and other aspects of the current fracking controversy The second part of the book provides a host of resources for readers seeking to learn even more in depth information about the topic supplying a chronology glossary annotated bibliography and profiles of important individuals and organizations Written specifically for students and young adults the content is accessible to readers with little or no previous knowledge regarding fracking

OECD Regional Outlook 2016 Productive Regions for Inclusive Societies OECD,2016-10-11 The OECD Regional Outlook 2016 examines the widening productivity gap across regions within countries and the implications of these trends for the well being of people living in different places

Contemporary Developments and Perspectives in International Health Security Stanislaw P. Stawicki,Michael S. Firstenberg,Sagar C. Galwankar,Andrew Miller,Thomas Papadimos,2021-11-17 Since the publication of the first volume of Contemporary Developments and Perspectives in International Health Security a lot has happened in this rapidly evolving area Perhaps the most dominant global event of the past eighteen months is the COVID 19 pandemic Within this general context the importance of the multiple and diverse international health security IHS subdomains is becoming evident especially when one begins to appreciate the interconnectedness of the modern world and the interdependence of various existing societal systems Moreover this complexity presents our civilization with both dangers and opportunities and among the most pronounced opportunities is our ability to effectively work together and coordinate as humanity With a goal to summarize and synthesize our collective experiences from the COVID 19 pandemic this second tome of Contemporary Developments and Perspectives in International Health Security is a repository of knowledge and a practical resource for those who seek to learn about the current pandemic as well as for those who may already be preparing for the next pandemic or as yet unforeseen IHS threats In addition to the COVID 19 global response topics discussed in this book include climate change mental health supply chain management and clinical diagnostics among others

Contemporary Human Resource Management Adrian Wilkinson,Tony Dundon,Edward Yates,2025-01-08 Written by experts in the field the seventh edition of this well established book provides a critical and academically rigorous exploration of the key functions practices and issues

in HRM today The first part of Contemporary Human Resource Management covers fundamental HRM practices while the second half examines contemporary themes and issues such as technology and climate change The book contains over 50 thought provoking case studies showing you how theory relates to real world examples This substantially revised seventh edition includes three completely new chapters and case studies on Remote working New technologies Social media Adrian Wilkinson is Professor of Employment Relations and Human Resource Management at Griffith University and Visiting Professor at the University of Sheffield Tony Dundon is Professor of HRM and Employment Relations at Kemmy Business School University of Limerick and Visiting Professor at the Work and Equalities Institute University of Manchester Edward Yates is a Lecturer in Employment Relations and Human Resource Management at the University of Sheffield

OECD Regional Outlook 2023 The Longstanding Geography of Inequalities OECD,2023-10-02 This report Regional Outlook 2023 The Longstanding Geography of Inequalities provides novel evidence on the evolution of inequalities between OECD regions across several dimensions including income and access to services over the past twenty years
