Passive Income: Beginners Guide to Passive Income Streams to Gain Financial Freedom James Moore, 2021-09-18 I'd rather go work a 9 to 5 then make passive income while I sleep, said no one ever. Are you sick of the rat race? The 9 to 5 grind? How much would it change your life to add an additional 100, 200 a week to your life? Or how about 1000? Whatever your motivations might be and whether you want to earn millions or just an extra couple hundred a week, I'm sharing with you my most favorite 7 passive income streams just because of their ease and relative simplicity. I think I speak for most people in saying that 99.9% of people truly don't do a job they truly love or have a passion for, but with passive income streams you begin to free up your time, which is awesome. This means that you're able to spend more time doing the things you love or spending more time with the people that matter the most to you. At the end of the day, you are the only one that can change your own life and in truth, your destiny is in your own hands. It's true, I've always had the philosophy that if anyone else can do it, then I can, too, and this applies to all human beings. Did you know that your mind is the most powerful asset you have? And that in essence, anything you think of and have a burning desire for, that becomes a very part of your being, that you will undoubtedly obtain. Forget the old concept of retirement and the rest of the deferred life plan. Now there is no need to wait and every reason not to, especially in these unpredictable economic times. Inside You Will Discover: Vending Machines, a 30 billion dollar US industry; Kindle Publishing, making money from books you never wrote; Merch by Amazon, uploading digital art and letting Amazon do the rest; Real Estate Investing, a recession-proof passive income; an asset; Mobile Apps, the exponential increase as people move more toward mobile devices now and more than ever; Investing in Dividend Stocks, there's a reason that most if not all millionaires and billionaires own stocks as a necessity; Affiliate Marketing, an extremely profitable way of making money that you can do on autopilot. This book will familiarize the user with these different avenues as a beginner as well as include some resources I have found and used myself. Yes, these are the ones that

[Affiliate Marketing For Beginners](#) Tim Murphy, 2020-12-29 If you were to ask a random user of the Internet what he or she thought Affiliate Marketing was he or she would likely claim that it was a way of making money online as an intermediary Here people make a commission from a sale or a referral when a visitor to his or her site clicks on a link that directs him or her to a product or page online However as much as there is a lot of truth there Affiliate Marketing does not only have to take place online For example affiliate marketing is also where a plumber gives a client a discount for referring him or her to a new client It is the same concept This kind of marketing happens a lot in the real world but people do not trace or coordinate it as much as is the case with online marketing Business owners can ask their customers how they came to know about them in an effort to learn about their client base but they cannot get as much information as they would be using online tracking The growing online market has made this type of marketing more popular and profitable It has also made it easier to grow and expand whatever type of business an individual is in with the help of numerous professional

marketers who will not necessarily appear on their payroll Therefore while its history started long before the invention of the Internet the Internet has transformed it and made it widely available to the masses You will start by learning all about the ins and outs of affiliate marketing and what you need to get your feet wet in the marketing world You will then learn about the importance of choosing the right niche and how to find one that will provide you with a sustainable passive income stream for years to come From there you will learn the key steps to creating a website that will attract the right type of users as well as the importance of SEO and how to ensure that your new website shows up in as many different sets of search results as possible Finally you will learn just what it takes to create the type of quality content that ensures people keeping back for more month after month and year after year Every effort was made to ensure it is full of as much useful information as possible please enjoy
