D'Souza, 2025-06-25 **Successful Proposal Strategies On-the-Go!** Robert S. Frey, 2023-10-31 An invaluable compendium of up-to-date real-world vignettes, these detailed depictions are crafted from 35 years of thought leadership and hands-on engagement in U.S. Federal Government proposal development for support services contractors. There is meaningful context built around each vignette, allowing readers to see immediately how to apply the lessons learned. The insights presented are applicable to small businesses and mid-tier companies as well as global Fortune 50 corporations. Written in a highly accessible style and accompanied by the author's own photographs, *On the Go* delivers concise, clear-sighted observations and helpful business-driven recommendations. Topics are drawn from actual challenges and situations that organizations and their staff professionals face every proposal. Across the spectrum of vignette topics, attention is paid to multiple dimensions in and around proposal development: human and organizational dynamics, linking business decisions to proposal strengths, building the proposal response, proposal writing, and more. In addition, coverage extends to academic and public sector grant proposals as well as international private sector tenders. All the vignettes are easy to use and integrate into an organization's thinking and best practices because they are streamlined. Importantly, *On the Go* brings practical value to executive leadership, business developers, capture managers, and proposal developers and managers, along with technical and programmatic subject matter experts and knowledge managers. *Law Librarianship Practice* Ellyssa

The Politics of Crises - The Crisis of Politics in Central and Eastern Europe Fanni Tanács-Mandák,Csaba Erdős,2025-08-18 The field of political science has been significantly shaped by the crises of the last decade particularly in Central and Eastern Europe The migration crisis of 2014 2015 the COVID 19 pandemic of 2020 2021 and the ongoing conflict between Russia and Ukraine have each posed unique challenges to nation states altering the dynamics of political institutions and actors These crises have highlighted the varying responses of European national governments from the welcoming Willkommenskultur to the construction of border fences during the migration crisis to the diverse legal frameworks adopted during the pandemic The escalation of the Russian Ukrainian conflict has further complicated these dynamics prompting different governmental responses Despite these varied approaches a common thread is the necessity for political institutions to interpret and respond to crises often requiring a departure from traditional decision making processes Current research has begun to explore these responses yet there remains a gap in understanding the full impact of these crises on inter institutional relations and the recalibration of policy making within political systems
